

NEW BOND ISSUE HEARING LIKELY

Someone Familiar With City Affairs
Notified State Tax Board of
Controversy With I. & C.

FIRST ORDER IS HELD UP

Mayor and City Attorney Called to
Indianapolis and Feeling Grows
Council Has Opposition

Indications that some one, closely associated with the city administration, was opposing the councilmen in their efforts to issue the bond sale as approved by the state board of tax commissioners last Saturday, became known Tuesday night at the regular session of the city council.

City Attorney John H. Kiplinger stated that no decision had been made in the matter, although the decision was entered Saturday morning in Indianapolis and reported in the Daily Republican, the bond issue of \$30,000 being reduced to \$14,500 for the purchase of a fire truck and for laying a water line from the mill race.

A communication with the state tax board this morning stated that the ruling was entered as given out Saturday morning, but later in the afternoon it was held up, when attention was called to the fact that there was a controversy over obtaining the water from the race.

Someone familiar with the fact that the traction company, which owns the race, demands \$2,000 a year rental, evidently got in touch with the state board after reading the decision in the paper, and this caused the board to withhold its order.

Only a very few people knew that the I. & C. Traction company demanded \$2,000 a year. Just who it is that is opposing the city on the proposed bond sale is not known, but an effort to find out will be carried on, it is understood.

The entire proposed bond issue was carried to the state tax board by the city administration in an unorganized form, and the evidence was presented in a loose manner. There was absolutely no excuse for the bond issue being reduced except for carelessness, many people believe.

People who are interested in the proposed improvements are becoming impatient, it was disclosed today, when the word began to get around that the state board had called Mayor Thomas and the city attorney to Indianapolis for a conference this morning.

The agitation for the improvements began shortly after the Old Fellows building fire in January, and today the council is no nearer its goal, than if it had never started. There have been several delays, and the belief is growing that the latest development is purely the work of someone on the inside, who at heart is determined to prevent the bond issue, and is against the purchase of the needed equipment.

MRS. SARAH KENNARD DIES TUESDAY NIGHT

Widow of Former Jeweler Expires
Following Long Period of Illness
—Resident Here 45 Years

FUNERAL THURSDAY, 4 P. M.

Mrs. Sarah M. Kennard, widow of the late John Kennard, died at her home, 315 West Second street, Tuesday evening about 10:15 o'clock following an illness covering a period of several weeks.

Mrs. Kennard was a resident of Rushville for forty-five years, and following the death of Mr. Kennard, eleven years ago, conducted the jewelry store which her husband had owned for many years.

Mrs. Kennard was a member of the First United Presbyterian church and is survived by her daughter, Mrs. Wash Allen of this city, and a brother and sister, Mrs. C. L. Meyers and William A. Mount, both of Newark, N. J.

The funeral services will be held at the late residence Thursday afternoon at four o'clock, in charge of the Rev. E. G. McKibben, and burial will take place at East Hill cemetery. Friends may call to view the remains after 10 o'clock Thursday morning.

STOLEN FORD IS RECOVERED

Grant Cooper, New Salem School
Principal, Finds it at Muncie

Grant Cooper, principal of the New Salem school, has just recovered his Ford automobile, which was stolen from Muncie June 17. The car was found near that city, and had been stripped of its license plates, steering wheel, spare tire, light bulbs and other accessories.

Mr. Cooper has been attending summer school at the Normal college in Muncie, and his machine disappeared about a month ago. No trace was found of it until Saturday, when the car was identified by the engine number. After making the repairs, it was driven home, and he was accompanied to Muncie for the machine by Carl Perkins and Carvel Cooper of New Salem.

LANDSCAPE MAN TOPREPREPARE PLANS

James Lowry of Indianapolis En-
gaged by Council to Draw up Park
Improvement Program

MATERIAL FOR BAND STAND

Contract Awarded to R. L. Tomp-
kins Lumber Co.—Park Boulevard
Construction to Begin

Park improvements were the main topics of discussion at the regular session of the city council Tuesday night, when several future propositions were taken up and considered and steps taken to have the new addition to the park properly planned by a park landscape expert.

James Lowry of Indianapolis, who is an expert in laying out parks in order not only to make it attractive, but prove beneficial in every way, was before the council with his plans, which were accepted for \$300.

He will direct the placing of drive-ways, location of park equipment, shrubbery designs and other affects pertaining to the beautifying of the park. The location of shelter houses, pavilions and other park equipment is an important factor in making the park a success, he pointed out, and it should be done right at the first, instead of making the changes after the work has been done.

The approval of the council was obtained for building a band stand in the park, and two firms, the Capitol Lumber Company and R. L. Tompkins Lumber company, each submitted bids for the stand. The first contract was awarded to the latter.

O. W. HOLMES DIES ON INDIANAPOLIS VISIT

Formerly Rushville Man, Resident of
Marion For Last Several Years,
Expires in Hospital

INVALID FOR LAST FEW YEARS

The funeral services for O. W. Holmes, aged 47, who died Monday evening in a hospital at Indianapolis, were held this afternoon at three o'clock at the First Christian church in Marion, and burial took place in the I. O. O. F. cemetery there. The deceased was well known in this city having formerly lived here, and married a daughter of Mrs. James Mattox, of this city, she having preceded him in death a few years ago.

Although comparatively young, Mr. Holmes suffered a stroke of paralysis before the death of his wife, and had been practically an invalid for the last few years. Recently he suffered two strokes.

Mr. Holmes was taken ill while visiting with relatives in Indianapolis, and was taken to a hospital, where he died. He had been director of the choir at the First Christian church for a period of four years, ending some time ago. While living in Rushville, he was an active member of St. Paul's M. E. church choir. He is survived by one daughter, Miss Esther Holmes, who lived with him. While in this city he was engaged as a furniture store clerk.

Mr. and Mrs. Bert Mattox and family and Mrs. James Mattox of this city, motored to Marion today to attend the funeral this afternoon.

DEMOCRATIC DELEGATE ARRIVES HOME.

WISCONSIN FARMER BUYS HEATON FARM

Another Example of Real Estate In-
vestors From Other States Coming
Here to Purchase Land

ITS VALUE IS RECOGNIZED

Another example was cited today of farmers from other states coming to Rush county to buy land because of its quality and because it is selling for less than it is worth.

Fred L. Morris of Wisconsin has bought the Sanford Heaton farm of 120 acres southeast of Rushville at a figure which averages about \$130 an acre.

Men from Oklahoma, Illinois, Ohio, Tennessee, Kentucky and many parts of Indiana have invested in Rush county land in recent months because they appreciate its value and because it is selling for less money than land of inferior quality in other states of the middle-west.

Mr. Morris camped on the Heaton farm last summer while passing through the county and hearing that it could be bought this year at a good figure, came back and made the purchase. He will move here with his family and begin farming the place. It has been raising a good crop of weeds this year as Mr. Heaton had no tenant.

This sale was being used today as further evidence of the contention that Rush county land values are appreciated by outside people.

FALLS OFF OF LOAD OF HAY

John Hayes Painfully Injured When
Hoist Rope Breaks

John Hayes, well known Washington township farmer, is slowly recovering from a painful accident, which he sustained Monday, while unloading hay. The hoist rope broke, and he fell backwards from the top of the hay wagon, landing with great force on his back. Several physicians have been in attendance, and they do not believe that any bones were broken in the fall. Muscles and ligaments were torn and strained, and it will be several days before he is completely out of danger.

FORMER SENATOR DIES

Elkhart, Ind., July 16—Albert Raper Beardsley, 77, former state senator, is dead at his home here today. Beardsley was a member of the military staff of Governors Duffin and Mount and has been head of the Dr. Miles Medical company for thirty years.

CROSS CHANNEL IN THREE HOURS

America's World Flyers Welcomed by
Immense Crowd when they Land
at Croydon Airdrome

GIVEN OFFICIAL WELCOME

Airmen Take Off From Paris at 11:06
A. M. And Are Escorted to Chan-
nel by Frenchmen

(By United Press)

Croydon, England, July 16—Circled down to the level plains of Croydon, where an immense crowd, held in check by cordon of police, welcomed them, America's world flyers landed their planes at the Airdrome here this afternoon, having flown from Paris in less than three hours.

The Stars and Stripes were flown at numerous points about the 150 acre 'drome and many Americans were among the throngs which cheered Lieutenant Smith and his companions.

Officials of the industry, including General Brander, air commander, extended official welcome to the aviators.

A score of mechanics were waiting to groom the world flight machines, the first thought of the flyers after they had landed.

The crowds met a rush for the spot where the plane came to earth but were held back by a thin blue line of London "bobbies" specially picked for the occasion.

The sleepy little neighboring village of Waddon was in state of excitement since dawn a single track trolley connecting with Croydon was kept busy taking as many as it could hold to the airdrome each trip. After the first lull here, the airmen were to go London by automobile.

The Americans took off from La Bourget, on the outskirts of Paris at 11:06 a. m., and were escorted by five French planes far as the channel. There after express plane, carrying 14 passengers who had paid huge sums for the privilege guided the world flyers to Eand.

BOYS SKULFRACTURED

Harry Brown, nine year old son of Mr. and Mrs. Ed Brown, living near New Salem seriously injured Tuesday night when he was kicked by a horse. The little boy's skull was fractured just above the left eye, but it is thought that he will recover, unless complications arise. He and three or four children were playing in a past when the horse kicked him.

LOCAL MEN HELD ON MANSLAUGHTER CHARGE

Glenn Cregar, I. & C. Motorman, Is
Arrested After Car Strikes Truck,
Killing Paul Heib

SOUNDED SIGNAL, HE SAYS

An I. & C. stock train in charge of Glenn Cregar, motorman, and Russell Glendenning, conductor, both of this city, struck an automobile truck at Emerson Avenue Indian-
apolis, Tuesday evening at 6:30 o'clock, killing Paul Heib, age 25.

Cregar was arrested on a charge of manslaughter, pending an investigation of the accident. The man was driving an ice truck, and was struck full force. He was dead when the car was stopped.

The train consisted of the lead car and a trailer, both loaded with stock. Cregar declared that the cars were running at 30 miles an hour, and that he sounded his whistle twice before reaching the crossing. He stated that the driver of the truck looked to his left after he made the turn into Emerson avenue, but did not look in the direction of the approaching car, bound for Indianapolis.

According to an Indianapolis dispatch today, there are no signals or warning at the crossing, which is just outside of the city limits of that city.

RECOVERING FROM INJURIES

Mr. and Mrs. Ray Lawson Hurt in
Accident Near Here Sunday

Mr. and Mrs. Charles Stucker, who live east of this city, have received word from Mr. and Mrs. Ray Lawson of Indianapolis, who were injured in an automobile accident west of here Sunday afternoon. Mrs. Lawson is their daughter.

The couple was riding in a Paige touring car, when it crashed into a culvert west of Arlington, and turned over, injuring both Mr. and Mrs. Lawson. They were brought here for treatment and then sent to their home. Although they were badly bruised, they were reported today to be recovering nicely, and were resting as well as could be expected.

FOR APPENDICITIS

Roscoe Newhouse underwent an operation for appendicitis Tuesday afternoon at the Dr. Frank Green hospital. He is the son of Oscar Newhouse.

POLICE SEEK ALLAN WEWEE

Former Rushville Man Accused of
Attacking Small Girl

Richmond, Ind., July 16—Allan Wewee, 24, is alleged to have attacked Evelyn Grieswell, nine year old daughter of Mr. and Mrs. Ed Grieswell, 668 North Nineteenth street, yesterday, while the two were picking raspberries together. Wewee is a neighbor of the Grieswell family, and the little girl accompanied him yesterday morning to pick the berries, when he is alleged to criminally attacked her. She is reported to be in a serious condition.

Police were hunting for him throughout the afternoon and evening but no trace of him had been found last night.

Allan Wewee is a former resident of this city, and was in trouble on several different occasions while residing here.

BOYS SIGNING UP SLOWLY FOR CAMP

Believed That Each of Two Camps at
Turkey Run State Park Should
Have 50 Boys

EACH TO RUN TWO WEEKS

Reduction in Price Through Co-op-
eration of Clubs Shows Business
Men are Interested

Boys are gradually signing up for the Rush county boys' camps, which will be held at Turkey Run state park next month under the direction of D. K. Merrell, local Boy Scout executive. The camps will be open to all boys, regardless of whether they are scouts.

There is believed to be very little chance that each camp should not have at least 50 boys, since the price has been reduced from \$14 to \$10 by the Rotary and Kiwanis Clubs, showing that the business men are really taking an interest in the boys of the county in giving them an outing of this class at such a low price. The trip, day by day, as planned by Mr. Merrell, who is in charge of the camp would cost an individual making the visit not less than \$20 per week. Their transportation would have to be counted extra. The boys are getting this trip at \$5 per week with exactly the same high class individual service and transportation included.

Rocky Hollow is the beauty spot in the whole tract of Turkey Run. One of the small tributaries has been its course through a solid wall of limestone a hundred feet high. The sky

THREE SCHOLARSHIPS AWARDED BY FARTHING

Two to Indiana University and One
to Terre Haute State Normal An-
nounced by Superintendent

HAROLD WAGNER DECLINES

Three scholarships were awarded today by Birney D. Farthing, county school superintendent, two of them being to Indiana University and the third being a tuition in the state normal college at Terre Haute.

He appointed Miss Pearl May and Miss Vera Reynolds to Indiana, and Miss Carrie Edwards to Terre Haute. Miss May is a graduate of the Arlington high school. Miss Reynolds lives in Glenwood and attended the schools there, and graduated from the Rushville high school last May. Each pupil was an "A" student.

Miss Edwards graduated from the Rushville high school in the May class, and was the only applicant for the scholarship to the state normal. This is the first time that scholarships have been granted to the teacher's college.

In addition to these three appointments, the county commissioners name two students for Purdue. They have made these appointments, which included Wallace Beer, of this city and Harold Waggoner of the Webb school. The latter, however, has declined the offer, and the commissioners will make another appointment before the fall school term.

GREATEST CROP IN TEN YEARS

Northwest, First to Suffer in Agri-
cultural Chaos, Riding Back to
Prosperity on High Prices

FARMER'S MORALE IMPROVES

Business Moving Better Since First
of July Than in Four Years as
Result of New Confidence

By D. D. MEREDITH
(U. P. Staff Correspondent)

St. Paul, Minn., July 16—The Northwest, first to suffer in the chaos that overwhelmed agriculture a year ago, is riding back to prosperity on the wave of higher grain prices. E. G. Quamme, president of the Federal Land Bank of St. Paul, declared today in an interview with the United Press. The northwest is producing the greatest crop in 10 years he said.

"The foundation for real prosperity is here," Quamme said. "In North Dakota we have two crops instead of one. Minnesota, Wisconsin, Michigan, South Dakota and Montana will have the best crops since 1914 and the biggest yields since the great production year of 1919," he said.

"The fact that here is every prospect for good crops at a good price in the northwest has greatly improved the morale of the farmer and general business conditions are much better," according to A. H. Kennedy vice-president of the First National Bank, St. Paul.

Bankers and farmers alike agree that the northwest this year faces a return to prosperity. Wholesalers told the United Press that business has been moving better since the first of July than in four years, as a result of the confidence inspired by maturing crops.

"We are extremely fortunate in the northwest in having every prospect for a big crop at a good price," Quamme added. He is recognized throughout the country as an accurate agricultural statistician.

"In other parts of the country this year, is looked upon as a more or less poor crop year. We have an unusually good crop in the northwest and all small grains will show the best production in years.

"Northwest farmers will be able to liquidate their debts, the banks will get back on an even keel and the northwest will enter a new era of business prosperity. Land values will return.

"Hogs will be selling at \$10 a hundredweight in a short time, and cattle will follow.

"We are at the threshold of a marketing situation that occurs only two or three times in a lifetime—a bumper crop selling at a good price."

Credits Thawing Out

Kansas City, Mo., July 16—Frozen credits which caused hundreds of bank failures in Missouri and Kansas in the last three years are thawing

RETIRED U. B. PASTOR DIES AT SON'S HOME

Joseph Young DeMunbrun, Age 74
Years, Former Minister, Succumbs
of Organic Trouble

FOUR SONS SURVIVE HIM

Joseph Young DeMunbrun, a retired United Brethren minister, died this morning about 9:30 o'clock at the home of his son, Charles M. DeMunbrun, 117 West Ninth street, where he had been making his home.

The deceased was 74 years of age last April, and was born in Kentucky. He came to this state when 21 years of age, and was an ordained minister, filling a circuit for the United Brethren church covering several towns in this vicinity, including Andersonville.

His wife preceded him in death in 1895, and after that he gave up preaching. For several months he had been in poor health suffering from organic trouble.

He is survived by four sons, Floyd of Indianapolis, Clark Louis of Indianapolis, Chester Arthur of Indianapolis and Charles Miller, at whose home he died. The funeral arrangements were not completed today and will be announced later.

GREATEST CRO IN TEN YEARS

Continued in Page One

out, W. J. Bailey, governor of the Federal Reserve Bank for the Kansas City district said day.

Bailey said: "The farmer is setting his first prosperous season four years and bankers are able to liquidate. A year ago the federal reserve bank was lending \$35,000,000. Today it is less than half that amount."

"The wheat yields splendid and corn is in good condition."

"I am so proud Kansas this year that I could die."

Bailey has just completed a trip from the eastern to the western section of the state—journey which he has made at this time of the year for 45 years.

"I never saw sections so promising," he said.

"High price of a isn't so good for the men who are to feed their grain, but pasture in fine shape and grass fed cattill bring a good price. The supply of cattle isn't keeping up with the growth of the population and both cattle and hogs should be profitable."

Thursday, July 17th**DOLLAR DAY**

Again the important event that people of Rushville and vicinity are accustomed to looking forward to, Casady's Dollar Day. Past experience has proven the value of these events from a money saving standpoint. We have determined to make a new record for this Dollar Day, values have been prepared that will demand attention of every economical woman in this vicinity.

CARD PARTY at St. Mary's School Lawn THURSDAY 8:00 P. M. Public Invited

PERSONAL POINTS

—Mr. and Mrs. O. F. Bassard were visitors in Indianapolis today.

—Mrs. George Booth has returned to her home in this city from Marion, Ind., where she has been visiting with relatives and friends.

Secret of Happiness

The greatest menace to health and happiness is the ill health with which so many women are afflicted. The young woman is subject to pain and irregularities, the mother to the tortures of displacements with consequent pains, aches and nervousness, the middle-aged woman to the uncomfortable conditions caused by this critical age. The one remedy to control these conditions and restore the system to a normal healthy condition is Lydia E. Pinkham's Vegetable Compound, which for fifty years has been restoring sick and ailing women to health and happiness.

—George Zamwode of Cincinnati was on business in this city today.

—Lester Kennett of Carthage spent today in this city.

—Mr. and Mrs. Cecil Clark have returned from a motor trip to Toledo, Ohio, where they visited with friends.

—Mrs. Cliff Winship and daughter Miriam were visitors in Indianapolis today.

—Miss Katherine Bosley of Milroy was a visitor in this city Tuesday.

—Opie Knight and Arthur Carr of Shelbyville spent Tuesday in this city.

—Miss Alice Elizabeth Harb of Franklin, Ind., is the house guest of Miss Mary Elizabeth Wenzener.

—Al Linville has gone to Grand Rapids, Mich., to visit his son, Earl Linville.

—John H. Kiplinger and Walter R. Thomas spent today in Indianapolis on business.

—Mrs. Phoebe Phillips of Arlington was a visitor in this city Tuesday.

—Miss Elizabeth Fisher and Miss Eleanor Carpenter of Indianapolis are visiting in this city with Miss Dorothy Sparks.

—Miss Margaret Jane Hamilton of Greenburg is visiting in this city with her grandparents, Mr. and Mrs. Grant Gregg.

—Mr. and Mrs. Myron Ball left this morning for their home in Enid, Okla., after a visit in this city with relatives.

—Miss Elizabeth Holden and Wendell Holden have returned to their home near New Salem after a visit in this city with Mrs. Ella Worsham.

—Miss Mary Bils of Lewisville, Indiana, visited in this city Tuesday.

—Jack Kacian was in Indianapolis today on business.

—Miss Editha Hinchman has returned to her home in this city after visiting with friends and relatives in Greensburg, southern Indiana and Kentucky.

—The Rev. and Mrs. L. E. Brown and Mr. Brown's aunt, Mrs. Moe H. Anderson of Indianapolis, have returned from a several days visit at Wilmington, Ohio, where Mr. Brown preached last Sunday morning and evening.

—George W. Farlin and sister Irene and Harry G. Farlin, and Carl Burton Kennedy, children of Harry B. Kennedy, all of Seattle, Washington, have arrived in this city, taking three weeks to make the trip and covered 3,200 miles.

LANDSCAPE MAN TO PREPARE PLANS

Continued from Page One

cern offered to furnish the material for a 16 foot square building for \$335; the other firm, which was the successful bidder, offered to furnish the material and a superintendent for the construction, for \$300. This offer includes a building 16 by 24 feet. Each bidder submitted a design for the building, and each was an attractive band stand.

As soon as Mr. Lowry can make the survey, the location of the band stand will be determined and approved, and construction will be made as soon as possible, so that concerts can be held this fall.

Actual construction on the park boulevard was expected to begin today, as the contractor stated that his large force of men and road building equipment would be on hand this morning. The preliminary excavation has been done. On account of the work being done, the city will lay water lines and sewer tile under the street, so that the paving will not be torn up in future years when building is begun in the new addition.

These lines will be laid east and west at Twelfth and Fourteenth streets, just the width of the street, so that when the lines are extended, they can be connected up, and at the present the pipes will be plugged until needed.

It required the council 15 minutes last night to decide what portion of the street Morris Winship, contractor for the Rush County National bank, could have during his course of construction. Two dozen merchants, in that part of the city petitioned the council asking that they refuse to close the sidewalks and streets during construction, maintaining that it interfered with their business.

After several tilts, Mr. Winship was granted permission to use 14 feet of Second street and the sidewalk in Main street, with a four foot walkway, covered along the gutter for the protection of pedestrians. The contractor contended that he needed space to unload material and needed room for the erection of the building. The councilmen expected him to erect the building without any room for his construction work.

An amended petition was filed from property owners in West Third street, asking that their petition for sidewalks, also include curb and gutters, and the matter was referred to the committee.

Rules were suspended, and an ordinance was passed in which the Pennsylvania railroad was granted permission to extend their passing switch across First street into the railroad yards. The switch has been extended south for a half mile, and ended at First street, but the railroad now wants to extend the switch still further across the street, and the ordinance was quickly acted upon.

PRESIDENT COOLIDGE OFFERS FEDERAL AID

Willing to help Fight California Forest Fires if Effective Aid Can be Extended

24 PERSONS ARE MISSING

(By United Press)

Washington, July 16—President Coolidge today offered federal aid to cope with the forest fire situation in California.

The president sent the following telegram to Governor Richardson at Sacramento: "I have received with great concern the reports of growing destruction from forest fire to your state. I trust you will advise if effective aid can properly be extended by the federal government."

San Francisco, California, July 16—Fires raging through the forests of the Pacific coast centered their fury in northern California and northern Idaho today, with at least 24 persons missing and two injured.

Fires in northern Idaho have destroyed 250 homes in Pine Creek Canyon country razed the buildings of the Nabob Mine with a loss of \$500,000 and were reported threatening the Constitution Mine.

Twenty employees of the Nabob Mine were reported to have fled back into the hills for safety and their present whereabouts are unknown. Several families fought their way through the belt of fire yesterday and reached safety.

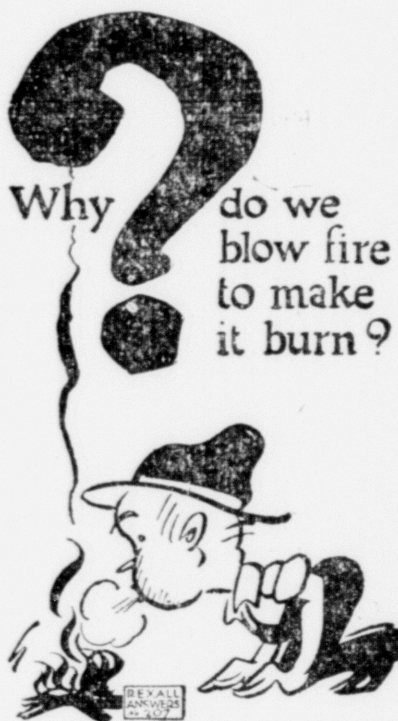

Four members of the Duokhobor colony living on Porcupine are still missing.

NO COMMENT ON THE REPORT

Indianapolis, Ind., July 16—Bert C. Morgan, federal prohibition director for Indiana, today refused to affirm or deny reports that he had been asked for his resignation by National Director Haines.

Asked if he was going to resign, Morgan said over the telephone from Fort Wayne where he is superintending a booze raid, "I am not."

Clyde Walb, republican state chairman, admitted that Morgan had told him at West Baden last week that the resignation had been requested.

—because, by supplying a current of air, we furnish fresh food for the fire in the form of oxygen. Keep a supply of

Puretest Aspirin Tablets

and keep yourself free from headache, neuralgia and all sorts of pain.

Absolutely true aspirin, tablets so skillfully made that their beneficial action begins in 15 seconds. Highest purity, never irritate or burn.

MUTILATED BODIES FOUND ON RAILROAD

Men Killed by One Train and Run Over by Another One Near Princeton, Ind., Unidentified

LAI'D ON TRACK TO SLEEP

Princeton, Ind., July 16—Mutilated bodies of two unidentified men are in the morgue here, having been picked up from the track of the Southern railroad at Beck, four miles west of here today.

The men were believed to have been run over by a passenger train last night. They were also run over by a freight train five hours later, according to the crew who picked up the bodies.

When found by the crew, the bodies were scattered over four hundred yards of the track. From the position of the bodies and the fact that both of the men had their shoes off, it was believed by authorities that the men had been walking and had laid on the track to sleep.

Only identification found was the name of Will M. Smith, Woodlawn, Illinois, written on a slip of paper.

NEW BOND ISSUE HEARING LIKELY

Continued from Page One

If those people are expecting to launch a campaign for a new city building, they will find their aspirations opposed by a greater number of demonstrators, it was stated today.

It was stated this afternoon by the United Press at Indianapolis that the tax board had been appraised of the water controversy, and this new factor would cause the board to hear the case over again at some future date, causing another delay of weeks.

The council should make the contemplated purchases from the general fund, of from borrowed money, it was pointed out today, and then raise the tax levy sufficiently this fall to care for the expense, or attempt then to issue bonds to make the payment on debts and borrowed money.

—Dr. and Mrs. W. C. Smith and Mr. and Mrs. George Hogsett and family motored to Indianapolis today and spent the day.

SECOND PROHIBITION CLEAN-UP UNDER WAY

Nineteen Arrests are Made in Fort Wayne Federal Drive and Others Were Expected Today

FORMER POLICEMAN ACCUSED

Fort Wayne, Ind., July 16—Fort Wayne's second prohibition clean-up by federal prohibition officers in a year was in full swing here today.

Nineteen arrests were made last night and others expected today. Indiana prohibition director, Bert Morgan, is personally superintending the raids. More than eighty men and women received jail sentences in the first campaign.

Roy Grabbill, former police desk sergeant, was arrested this morning on charges of selling intoxicating liquor in his saloon here.

George McCarthy, brother-in-law of Mayor Hoesy of Fort Wayne, is among those arrested.

Last night a raid was made on a road house owned by Harry Schwartz and Demont Taylor, bartender, was arrested on charges of selling moonshine.

WEDNESDAY, JULY 16, 1924

The tender shepherd:—He shall feed his flock like a shepherd: He shall gather the lambs with his arm, and carry them in his bosom.—Isaiah 40:11.

Prayer:—O Thou Good Shepherd of the Sheep, enable us to live in the knowledge that having given Thy life for us, Thou wilt also do for us all else we need.

Going to College

Most boys and girls who were graduated from high school last spring have decided by this time whether they will continue their education by going to some liberal arts college or technical school.

It is a critical time in the life of every young person—the period when they realize for the first time that there are problems outside of school books, and the decision they reach now will have a very great influence on their life.

What the high school graduate does this summer determines what kind of a citizen he will be—whether he decides to go to college, enter a trade or just drift along without trying to get additional training to make himself more capable, his life purposeless.

Giving a boy or girl four years of education means to many parents considerable of a sacrifice and the loss of the companionship and help of their children, but in most cases, if that sacrifice is made now, the future years will be richer for both parents and children in every way.

Thousands upon thousands of high school graduates are lost to further education because not enough interest is taken in them and in their welfare.

President Coolidge recently said

HUNT'S DAILY LETTER

BY HARRY B. HUNT
NEA Service Writer.

NEW YORK—"The Good Gray Candidate," is a title likely to be appended to John W. Davis, the Democratic choice for president, before the campaign has progressed many weeks.

For the outstanding factor in Davis' appearance is his crown of snow-white hair. His face is that of the average well-fed, well-kept smooth-shaven man of 51, a trifle florid after exertion, but with not too high a color and devoid of any wrinkling of age. His white hair, however, is that of a patriarch of the seventies.

Davis is a "comfortable" sort of person. Thoroughly at ease himself in any company, he makes those around him feel at ease. He is also easy and comfortable in his clothes, preferring soft-collared shirts and cozy lightweight suits to the more dignified habiliments of many near-great lawyers.

This ease of bearing, which lends him distinction in any garb and any company, once led an English journalist to say of him that, even at court receptions and formal functions which he attended as American ambassador to Great Britain, where gold braid and glittering uniforms are the rule, and where even our George Harvey appeared in knee pants, Davis in ordinary evening dress carried an air which marked him as one of the striking figures in any group.

NOTWITHSTANDING descriptions by the society writers to the contrary, Davis is not a handsome man. His features are not sufficiently symmetrical for that. His forehead is too bulging, the lines of his cheeks too flattened, the mouth too thin and restrained to qualify him in a beauty contest. He is, however, unquestionably a man of striking appearance. Anyhow, in picking a man to run against Calvin Coolidge, it was not considered necessary to search for an Adonis. Strength and person-

ality were much more desirable qualifications, and Davis supplies both of those in good measure.

IN picking Governor Charles E. Bryan of Nebraska, the Democrats added a touch of color that promises to brighten the campaign. Charles, who for many years edited the publication of his famous and much-nominated brother, William Jennings, "The Commonwealth," has a shining bald head which he hides under a little black skullcap. Can't you just imagine what the Republican cartoonists will do to that?

Charles came to the convention and occupied a room at the Waldorf with his brother Bill. He was not a delegate, and therefore kept off the floor of Madison Square Garden, but he spent much time in the runway under the speaker's platform, listening to the proceedings and waiting for something to turn up. Perhaps the nomination was the reward for his patient persistence.

OTHER considerations than his persistence, however, had the deciding hand in placing him as second man on the ticket.

William Jennings Bryan is still a power in the party. Even his bitterest enemies admit that. And in the speech by which he sought to break the deadlock after the first five days of balloting, Brother Bill enumerated half a dozen candidates whom he considered as good timber for the nomination. In this list he did not include Davis. Davis, he was frank to say to any who asked, he considered too close to Wall Street.

After Davis had been nominated, the question then came of picking a running mate that would hold Bryan—William Jennings Bryan—to the ticket.

The obvious answer was "Brother Charles."

With Brother Charles on the tail end of the ticket, Brother Bill certainly would trail along. So Charles was nominated. And Bill says he's satisfied.

own, they would still have shown a cent of some \$132,000,000, for that is the amount that must be raised to care for the bonus requirements this year.

But Mr. Coolidge went further than that. He insisted that additional savings must be realized not only to absorb the additional burden of the bonus but to go \$83,000,000 beyond that point. In other words, he urged upon the subordinate executives of the government organization that their actual expenditures, including those for the bonus, must be \$83,000,000 below the amounts actually appropriated for the current fiscal year.

If that is done the cost of government will have been cut down to \$3,000,000,000 for the first time since before the war. And that total includes such enormous items as a billion dollars for interest and principal payments on the war debt, and half a billion dollars for soldier relief—items that did not enter into pre-war costs at all.

What Have They Got Agin Him?
(Philadelphia Record)

The Prince of Wales has got by his thirtieth birthday in single blessedness, but his folks are fiercely fighting to make this his last—as a bachelor.

FIFTEEN YEARS

Miss Nola Frances Ash, daughter of Mr. and Mrs. James C. Ash, of West Third street, and Leslie H. Bell of Indianapolis were quietly married at the Main Street Christian church parsonage last night by the Rev. R. W. Abberley.

Gus Williams, one of the most popular young men in Rushville, will leave Sunday for Spokane, Washington, to enter in the government land drawing contest. He will likely enter the State University there.

Tom Cohee, a barber, fell on a bottle, and severely cut his right hand today.

Miss Nettie Shannon of Spring Hill made her usual trip here Monday instructing her music class. (Nett's Corner.)

Maud Jackson and sons Byron and Morris, Mertie Rush and children spent Saturday with home folks. (Mays correspondent.)

Miss Nellie DeMoss left last Saturday to visit her brother, Will DeMoss and family for a few days in Jennings county. (Henderson correspondent.)

Mrs. Pearl H. Lehman has beautified her yard with a new iron fence. (Mauzy correspondent.)

Stewart Beale complains that he is about to lose the sight of his right eye. While working at the water and light plant several months ago, a bolt of lightning ran in and blinded him.

Threshers began work on the Dill farm north of this city today and soon wheat wagons will be coming in from all directions to the local elevators.

John, the youngest son of E. L. Kennedy, has been confined to his bed with fever since Monday.

Frank Lyons found a tie pin yesterday that he lost on an I. & C. car last March. He saw a fellow wearing it and on proper identification it was promptly turned over to him.

Dr. W. R. Phillips, of Orange had a very exciting runaway Wednesday afternoon. He was driving past the Lon Matney bridge, two and one half miles southeast of Orange, which is being repaired, when his horse scared at some shovels left near the road by the workmen. It broke into a run, overturned the buggy, throwing the doctor to the ground, kicked itself loose and continued in its mad speed. Fortunately the doctor escaped without injury.

"Postoffice" Tom Geraghty chaperoned a crowd of young ladies on a picnic yesterday. They enjoyed a basket dinner on the Jake Parrish farm, northeast of this city.

Misses Edith Hiner and Alice Norris will leave Monday for a two month's trip through the west. They intend to visit the numerous places of interest, and also to spend a few days at the Alaska-Yukon Exposition at Seattle, Wash.

Mr. and Mrs. W. T. Simpson, Mr. and Mrs. A. P. Waggoner and Dr. V. W. Tevis and family will leave Tuesday for Lake Chapman, near Warsaw for a short summer outing.

Very few women who boss their husbands let them know it.

If everybody had beautiful hands how would work get done?

Never quarrel before company and two's company.

If barber shop mirrors talked to beauty parlor mirrors they would say the same things.

Men who object to hair in their food should always marry bald-headed women.

Enemies are friends you made the mistake of losing.

A man is usually considered ignorant because he doesn't happen to know the same things you happen to know.

A model husband is one who is as nice to his wife in private as he is before company.

Poor little movie stars, several of them haven't been married again yet.

You can't expect people to be cheerful at breakfast with their faces looking as if they had been slept in.

Wonder if a divorce ever resulted from a man finding another man's hair on his rolling pin.

Snakes have longer wheel bases than any other known living animal.

You can tell a bungalow from a garage by remembering the garages have the largest doors.

It is easy to keep a secret until you get a chance to tell it.

AMERICAN TENNIS
TEAM MAY QUITJulian S. Myrick Lodges Complaint
Against Treatment Received in
Olympic Games

BOXERS FORGING AHEAD

Rowing Crew Gets Day of Rest by
Virtue of Its Record Breaking
Victory Tuesday

By HENRY L. FARRELL

Paris, July 16—Julian S. Myrick, president of the United States Lawn Tennis Association served notice on the International Olympic committee today that he will withdraw the American tennis team unless "civilized" facilities are immediately provided.

Thus far, Myrick charges, the Americans have been forced to go with out shower baths, without drinking water and without towels.

The American spokesmen was emphatic that if conditions did not improve immediately the United States players would quit the Olympics.

Only two showers have been provided for the women players, Myrick said, and men carpenters still are working in these, so that the players cannot use them.

Moreover when our women want a drink of water they are forced to go to a nearby bar and carry the water themselves to the courts.

Another complaint lodged against the French was that the press facilities for covering the tennis matches are entirely inadequate and most confusing.

The international committee is taking the matter under advisement; meanwhile the American protest has added further fuel to the ill feeling that exists between the French and Americans.

American boxers today continued to advance in the inter-allied fistic warfare at the Velodrome d'Hiver, while the swimmers were busy in the high Olympic tank and the tennis players on the courts. America's eight oared crew, by virtue of its record breaking victory in the second heat at Argenteuil Tuesday, gets a day of rest before the finals.

The Olympics were divided into four groups today—rowing, swimming, boxing and tennis.

At the Velodrome, Rothwell, U. S. lightweight knocked out Kelleher, Ireland, with a left to the chin in the second round. The battle was fast and furious. In the first round Rothwell dropped his man for a count of three, but in the second the Irishman came back and sent the American to his knees. The latter got up and attacked viciously finally putting over the knockout.

Graham, Canadian lightweight, beat Corney champion of Uruguay on points in a bout which left both exhausted at the finish.

Americans were anxiously awaiting the appearance of R. Norris Williams, our tennis champion, on the courts today to see how his ankle, which he injured yesterday, had fared under the care of physicians. Thus far all the Americans are safely in, except Francis T. Hunter, who lost to Jean Washer yesterday.

Somewhat overlooked in the rush of athletics, the Olympic chess players were received at the city hall at 11 a. m. today by M. Pointel, vice president of the city council, who greeted them and pointed out the numerous excellent qualities which chess required of a man.

Americans did well in swimming and boxing today.

The dusky Keatola qualified in his heat of the 100 metres backstroke making the fastest time of the day, 1:13.5. Wyatt also qualified, winning his heat.

In the 200 metres swim for women, Miss Geraghty, U. S. A., made the fastest time 3:25.3.5. in qualifying. Miss Coleman was disqualified for touching.

Vincent Richards, U. S. A., disposed of the Spanish champion, Manuel Alonzo, 7-5, 10-8, 2-6, 6-3.

Mrs. Marion Jessup of the American women's tennis team defeated Senorita Torras of Spain 6-2, 6-0.

The weather was cooler and a high wind swept the courts, bothering the players.

WHITE ROBINS FOUND

Warsaw, Ind., July 16—White robins have appeared in northern Indiana. Joseph Campfield, of Warsaw, has proof of the fact in a photograph he took at Yellow Banks in Tippecanoe Lake. He succeeded in approaching within eight feet of the bird.

Point Winner

De Hart Hubbard, the negro athlete wonder from University of Michigan, who helped run up America's score at the Olympic games by taking the broad jump honors.

(Only games today)

Mays shut out Boston and the Reds won 7 to 0.

Meadows held the Phillies and the Pirates won 5 to 1.

CARPENTIER'S LAST
CHANCE TO WINBy FRANK GETTY
(U. P. Staff Correspondent)

New York, July 16—When a boxer has been a consistent ring performer as George Carpentier, it is unusual to speak of his "coming back."

But that is just the way we must look at the Frenchman in the light of his forthcoming bout with Gene Tunney, American light-heavyweight champion. The two are scheduled to meet July 24.

Carpentier has never scored a second-rate fighter. He is of the stuff whereof champions are made. His workmanlike manner in knocking over the best of Europe entitles him to consideration on those grounds.

When Carpentier was beaten by Dempsey, he did not lose easily. But when he was knocked out by Battling Siki, the bad boy from Senegal, then definitely did Gorgias Georges hit the clutches. And he never has "come back" from that lowly state to which he took a dive in losing to the black.

Georges started to the top via his favorite route, knocking out Joe Beckett in fifteen. He did one or two other more or less easy stunts of that sort, and then came over for a match with Tommy Gibbons.

That young man, to our way of thinking, definitely put a crimp in Carpentier's career as a champion boxer. When Georges made such a miserable showing against the St. Paul terror, he finished himself as a real top-notch drawing card.

But this bout with Gene Tunney opens the door again—just a crack. If—and it doesn't seem likely—Georges could polish off the American champion—not win by a lucky, looping, right-hand punch, but really whip Tunney's decisively—then there might be something more doing for the Frenchman. But that's the only way there ever will be.

Carpentier wasn't made to be a good second-rater. It isn't his forte. His is the gallery play, the elaborate training quarters, the fancy dressing gowns and interviews and lovely ladies calling upon him while he shadow boxes.

However the promoters of the Tunney bout are putting out propaganda to the effect that they are well pleased with the advance gate.

"I believe it will be the greatest spectacle we ever had in New York," said Jimmy Johnston. "Shouldn't be surprised if we were sold out."

The Frenchman trained for the bout at Jack Curley's place, down in Great Neck, Long Island, while Tunney prepared to defend his title by hammering sparring partners about a barn at Fair Haven, N. J.

The bout will be at the Polo Grounds, and the promoters say it never rains on Thursdays. Tickets are \$1 to \$10.

WELCOME

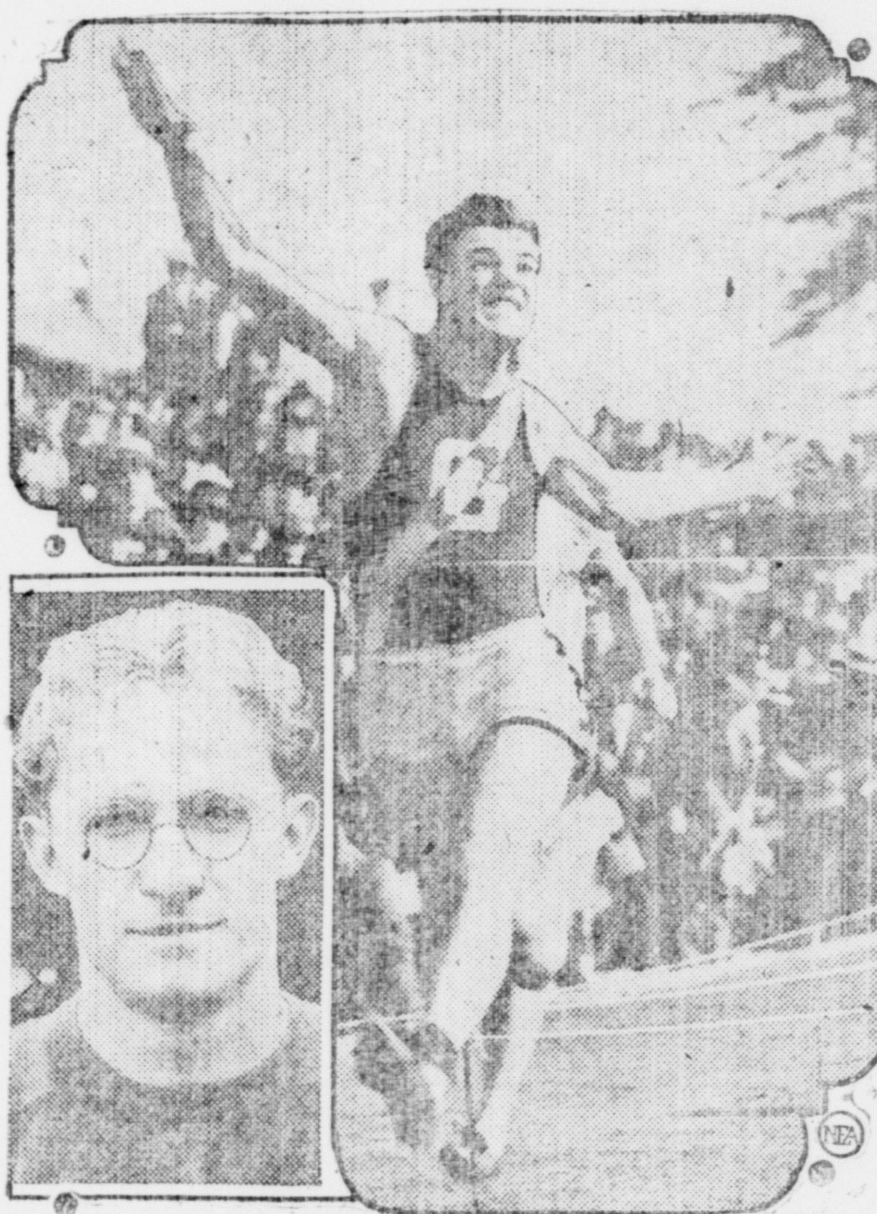

Epinard, the king of the French turti, as he appeared upon arrival in New York in his special crate.

A FINE THING OF PAST

Warsaw, Ind., July 16—The high cost of getting drunk is going up in Warsaw today. The \$1 fine is a thing of the past.

In passing sentence on Oliver Davis, 55, an old offender, Mayor J. A. Sloane sent the accused to the state penal farm for thirty days and imposed a fine of \$5 and costs.

BROKE WORLD RECORDS

Robert LeGendre, of the Newark (N. J.) Athletic Club, who broke a world's record at the Olympic games by jumping a greater distance than any human had ever jumped before: 25 feet 6 inches is shown in action while inset is Harold Osborne, Illinois Athletic Club, who hung up another record for America by shattering the high jump record.

KEEPING ONE EYE
ON THE SCOREBOARD

Yesterday's hero—Walter Johnson the Indians down with 5 hits, Washington winning 4 to 2.

An eighth inning argument was won by the Yankees which gave them a victory over St. Louis 5 to 4. The argument was whether outfielder Bennett of the Browns caught Meusel's low fly or trapped it. Umpire Owens ruled the latter version was correct.

The Giants put over a deluge of base hits at three Cub pitchers' expense and won 9 to 4.

The Robins pounded Sothorn for five runs in the first frame and won from the Cards 7 to 4.

Eddie Collins' and Mostil were hitting like demons and the White Sox won from Boston 8 to 6.

The Tigers kept up a steady rain of base hits and won from the Mackmen 11 to 9.

FIGHTS AND FIGHTERS

New York—Ted Moore, English middleweight, won a decision over Morrie Schlaifer of Omaha in ten rounds here last night. The Englishman piled up many points against the hard hitting Nebraskan. Schlaifer knocked Moore down in the fifth round.

Chicago—Sammy Mandell, Rockford, is scheduled to meet Eddie Wagner at Youngstown, Ohio July 28 in a 12 round, no decision contest.

3 CHAMPION PACERS
AT NEWCASTLE FAIR

Big Attraction Will be Race Between
Single G. Margaret Dillon and Sir
Roch, July 23

BIG PURSE FOR \$5,000

Newcastle, Ind., July 15—The Newcastle fair, July 22 to 25 will have for its greatest attraction a three heat race between Single G. Margaret Dillon and Sir Roch, three world champion pacers, all with records under two minutes, on Wednesday, July 23. The race, for a purse of \$5,000 is heralded as the greatest attraction in the history of the fair.

The three horses are campaigning this season over the larger tracks of the country and were booked for Newcastle largely through the efforts of W. B. Barefoot of Cambridge City, owner of Single G. The three horses are booked for a race at the Indiana State fair over the mile track and the race here over the twice around circuit will give followers of light harness horses an idea of what to expect in Indianapolis. The Newcastle track record of 2:04½ is held by Single G.

The fair association has provided ample parking space for automobiles in anticipation of the largest crowd ever on the grounds. C. B. Fletcher, secretary, has opened the sale of reserved seats in the grand stand.

**A new cut

Granger Rough Cut

A Pointer on Tobacco—

The slower a tobacco burns, the cooler it smokes. Also the longer it lasts. This slow burning is due to the "cut". Granger is "rough cut" to smoke slow and cool cut for pipes, not cigarettes. And Wellman's famous old secret method produces richer fragrance and taste.

LIGGETT & MYERS TOBACCO CO.

Mrs. John Worthington was hostess Tuesday evening to the members of her card club at her home in North Perkins street.

Mrs. Roy E. Waggoner entertained with a luncheon Tuesday at noon, a party of Tri Deltis from Franklin, Ind. honoring Mrs. Nap Lacey of Macon, Mo., and Mrs. Vern Branigan of Mt. Vernon, Ind. The afternoon was enjoyed socially by the ladies.

The following girls from Arlington are camping at Lake McCoy near Greensburg this week, the Misses Zeida Hutchinson, Louise Ennis, Mary Baldridge, Florence Houston and Opal Ennis and Mrs. Charles Ennis, who is chaperoning the girls.

The Pythian Sisters held their regular meeting Tuesday evening at the K. of P. Hall in West Second street. At this time they decided to have their picnic at Memorial Park on Wednesday evening, July 24, but the date was changed this morning to Wednesday evening July 30, but the picnic in supper will be served at 6:30 o'clock and will be for all members of the Pythian Sisters lodge and their families. Each member is requested to bring their own dishes and silverware.

Mr. and Mrs. Charles Beckner entertained Sunday at their home southwest of Arlington with a fried chicken dinner. The following guests were present: the Misses Edna Mattox, Helen Meyers and Florine Trobaugh and Clarence Mattox, Ora Waggoner, Frank Barnett, Harold Trobaugh all of this city and Francis Allendar of Arlington and Tolbert Catt of Reedville. The day was enjoyed with music and games.

A picnic will be given Wednesday, July 30, at Memorial Park for friends and members of the First

Presbyterian church and Sunday school. An executive committee has been appointed to make final arrangements for the picnic.

Last Sunday being Mrs. Arthur Weidner's thirty-second birthday and her daughter Thelma's 9th birthday, the Big Flatrock Sunday school surprised them with a basket dinner Sunday. Among the guests present were the Rev. C. Hosier and family from Knightstown.

Mrs. John P. Frazee, Jr. and Mrs. Louis Mauzy delightfully entertained Tuesday afternoon with a bridge party, at the home of the former in West Fifth street, honoring Miss Helen Scudder, a bride-elect of this month. Five tables of cards were in session during the afternoon, the following out-of-town guests being present, Mrs. Miller Hamilton of Washington, D. C., Mrs. McCormick of Crawfordsville, Mrs. Horace McClure of Anderson and Mrs. Wendell Wilkie of Akron, Ohio. Lovely refreshments were served at the conclusion of the games. A number of parties have been planned honoring Miss Scudder whose marriage to Edward Hughes will take place Saturday, July 26.

The 4 H Club of Richland township held their regular meeting Thursday afternoon at the home of Helen and Dorothy Pike. The guests present were Mrs. Jake Gearhard Miss Helen Brickler, Miss Dora McKay, Mrs. Robert Humphrey. The program consisted of music, readings and songs. During the business session Miss Vesta Walke was elected president to succeed the first president who resigned. The club was given a name now being called the Sunshine Club. Plans were made for the picnic and for the buying of pins. After the business session pictures were taken and croquet was enjoyed after which ice cream, cake and lemonade was served. The next meeting will be held at the home of Miss Vesta and Iva Walke.

The following Rushville people attended the dance at Dalmert's hall in Greensburg Tuesday evening: The Misses Joan Weakley, Lillian Priest, Florence Lambert, Helen Lambert, Margaret Giffin, Roselyn Reed, Katherine Blount, Leland Anderson, Mary Wilson, Bertha Martin, Norma O'Neil, Virginia Carter, Marion Kinsinger, Helen Thomas, Jean Richards, and Louis Steinmetz, Raymond Gregg, William Carr, William Beher, William Frazee, Jules Kiplinger, Max Van Osdel, Donald Ruhlman, Tom Saunders, Arthur Wilson, Jene Kiplinger, Robert Haydon, Edward Dake, Wade Bill, George Cohen, Horace Pearsey, Conwell Smith, Gene Kelly, George Poston, and William Sparks.

GAS PRICES TO DECLINE
Indianapolis, Ind., July 16—Lower gasoline prices in Indianapolis and Indiana were predicted by dealers here today. Increased quantities in storage, increasing crude oil production and falling off in the demands of large consumers of fuel oil due to business depression, will be the contributing causes, they said.

First Woman Governor

Here is Mrs. Soledad Chacon, first woman ever to serve as acting governor of any state in the Union, at the chief executive's desk in the governor's offices in the capitol at Santa Fe. Owing to the death of Lieut. Gov. Jose A. Baca, the gubernatorial mantle fell upon the shoulders of Mrs. Chacon, secretary of state, when Governor James F. Hinkle crossed the state line en route to the Democratic National Convention in New York.

BOYS SIGNING UP SLOWLY FOR CAMP

Continued from Page One
seems stretched like a curtain from the top of one cliff to the other. The crevices of these canon walls bear thousands of luxuriant ferns. The Hollow becomes narrower and more tortuous as one ascends. The cliffs hang more closely together overhead and the atmosphere takes on a coldness that the fiercest heat of summer is never able to dispel. The end of the Hollow after nearly a mile's walk down the canon. One runs into a nearly perpendicular wall over which a small cold stream of water falls to sink itself into the almost circular pool hollowed in the rock known as the "Devil's Bathing".

Again the camper goes back to the Sugar Creek Gorge and continue the trip up Lovers' Lane to Goose Rock where the swimming hole is located. Quite an interesting bit of history is connected with this rock. The last Indian of this country boasted of the fact of his torturing and killing so many women and children. The men captured him once and gave him a sound thrashing but his torturing and killing still continued. The men formed a posse and started out again to capture him. This time he was chased many miles and finally came to Goose Rock and seeing his pursuers close upon him he jumped into the river from the Rock and drowned. The river at this point has a very nice sand bottom and is very clear. It is about 250 feet wide and has a gentle slope down from 6 inches of water to about 10 feet. The Rock furnishes a natural diving place at the deepest point. Fun for the tots as well as for the expert swimmer is provided in an swimming place of this kind. All kinds of water events will be held here.

Going on down the Creek one comes to a point opposite the Devil's Ice Box, which is a very appropriate name for the place. The sun rays never get in this box of solid rock. One may go in the place in the hottest weather and after a short visit feel very comfortable with an overcoat on. This place has seen but few of the

hundreds of thousands who have visited Turkey Run because of the difficulty encountered in reaching the place. Here years ago a gang of hog thieves operated. They would scour the country stealing hogs, and bringing them butchered to this place would store them until they had a sufficient number to ship down the river to New Orleans, where they were disposed of.

Tomorrow's article will take the reader through Bear Hollow and Turkey Run Hollow, two other beautiful canons.

SHOPMEN TO RETURN

Indianapolis Ind. July 16—Striking shop men who walked out July 1, 1922, were notified today by the Big Four railroad here that they may re-

turn to work with full seniority rights.

DIES FROM BURNS

FOUR GENERATIONS

Texas Lady Says Her Family Has Been Taking Thedford's Black-Draught, When Needed, for Many Years.

Alto, Texas.—"We inherited the use of Black-Draught in our family," says Mrs. Mary Shuptrine, who lives near here on R. F. D. 2. "My grandmother was an old woman when she died about ten years ago, and she had been using it literally ever since I can remember. She gave it to her children and grandchildren for biliousness and stomach complaints, so when I went to housekeeping we just naturally used it, too.

"I give it to my children for a purgative whenever they need one, and we are never without it. Made into tea, it surely is fine. It's the best home remedy for headache and constipation I know of."

During over 80 years of its continued popularity, Black-Draught has become the standard liver medicine in many thousands of homes, where it has been found of great benefit in the treatment of constipation, biliousness, indigestion and other common liver, stomach and bowel complaints. Ten million packages of Black-Draught are now sold a year, as more and more people are learning of the value of this well-known remedy.

Insist on Thedford's, the only genuine Black-Draught powdered liver medicine. At all dealers'. NC-154

Cloud Cloth

THE man who buys an Eagle Shirt of Cloud Cloth will probably tell you it's the lightest, thinnest, strongest, smoothest shirting he ever wore. It has an aristocratically dull finish; a real silk feel to the skin, and an eye-proof closeness of weave. Tailored in the Eagle way, with long full body cut and a six-button full-length center-plait. A fine cloth beautifully tailored. White only.

EAGLE SHIRTS
OF MILLER SHIRTINGS

AFTER THE NOMINATION

First picture to be secured of the Democratic nominees after the historic deadlock had been broken and John W. Davis and Charles Bryan emerged as the "ticket." Davis and Bryan are shown surrounded by crowd.

MOVIES

"The River's End," Castle

There is a strange tale of Oriental mysticism in "The River's End," that will both startle and fascinate. This picture, from the book by James Oliver Curwood, author of "Back to God's Country," will be shown at the Castle Theatre on Wednesday and Thursday.

Shan Tung, the Chinese, is a prince in disguise. Driven from his own country by political factions, he settles in Northwest Canada on the edge of civilization, where he keeps an opium den and traffic in vice.

And Shan Tung, because of his wealth is a power in the community. He falls in love with a beautiful white girl and demands that she marry him. She loathes him and is horrified. Yet he holds a strange spell over her and she apparently is powerless to cope with his will.

She appeals to an officer of the Royal Mounted to help her free herself from his influence, but she withholds some secret from him, evidently fearing to reveal it.

The Chinese is getting more and more of a hold on her when the officer of the police visits the den on Shang Tung's command. And Shan Tung openly demands that he be a party to the deliverance of the white girl.

But the officer is not the craven Shang Tung thought. There is a terrific battle in the opium den, which is finally set afire and burned. What happens is so nothing you will want to see.

"When A Man's A Man"

"When A Man's A Man," is the first of nine Harold Bell Wright stories which will be given on the silver sheet. It is the first of that nine to be produced by Principal Pictures Corporation as First National attraction, and according to the author and producers, this is the logical

story to first grace the picture sheets of the world. It will be shown at the Princess theatre today and Thursday.

The theme of the story has to do with the remarking of a man—rather the making of a man. An eastern millionaire finds himself dubbed a "tailor's dummy"—even by his own sweetheart. He decides to make a man of himself and win the admiration and respect of his friends. He leaves his palatial home, dons old clothes, and starts life anew in the cattle country of Arizona—and makes good!

John Bowers is given this role to enact, and those who have seen his portrayal claim it to be the finest he has yet given the screen. Marguerite de la Motte plays opposite this star, and others of the exceptional cast include George Frager, Forrest Robinson, Charles Mailles, Fred Stanton, Edward Hearne and a host of others equally prominent in film-dom.

The production is in full feature length, and those who have seen private studio screenings claim it to be the outstanding picture of the season.

Firestone

LEADERSHIP

Firestone Leads on Speedway With Five Record Breakers

When the race driver selects his tires he does so realizing that his life and chances for success depend upon them. It is significant that all of the ten money winners in the Indianapolis race were Firestone shod. Firestone, using gum-dipping and other special processes, has developed tires to such a high degree of efficiency that at Indianapolis, May 30th, the following drivers broke the world's record for 500 miles over this brick track, making many rounds at over 100 miles per hour.

Never, before were tires put to such gruelling service, where it was necessary for every ounce of rubber and every fibre of fabric to work in perfect unison with every other part.

Driver	Time Miles per Hour
Joe Boyer—L. L. Corum	5:05:23.51 98.24
Earl Cooper	5:06:47.18 97.99
Jimmy Murphy	5:08:25.39 97.27
Harry Hartz	5:10:44.29 96.55
Bennett Hill	5:11:07.00 96.46

Leadership in Everyday Service

Millions of motorists are profiting by the lengthened service of Firestone tires. Scores of unsolicited testimonials, lay emphasis on the long mileage Firestone Gum-Dipped Cords are delivering.

Leadership on Cabs, Buses and Trucks

The largest taxicab companies in the five largest cities in the United States use Firestone Gum-Dipped Cords exclusively. One fleet alone, the Yellow Cab Co., of Chicago, uses over one-half million tire miles per day.

Balloon Tire Leadership

Firestone's latest contribution to motoring is the low air pressure or Balloon Tire. This, the original full-size Balloon, was made practical by the special Firestone Gum-Dipping process, insulating every fibre of each cord, adding great strength and stamina. Firestone has also simplified the application of full-size Balloon tires to your present car by designing a special unit consisting of tires, tubes, rims and spokes applied by any dealer at a very low cost.

Leadership Against British Rubber Restriction Act

Attacking the unsound and uneconomic character of the British Rubber Restriction Act limiting the exportation of rubber from the Far East, Firestone was the one large tire manufacturer to take up the cause for the car owner. Soon after the agitation was started for America to produce rubber under its own control, the cost of crude rubber was reduced and tire prices brought back to normal.

Dealer Leadership Through Tire Quality and Service

Through Firestone dealers you can obtain organized service and the soundest values on the market, whether you need a Ford 30 x 3 1/2 Fabric, a set of full-size Balloon Gum-Dipped Cords or a 10-inch truck tire.

Heavy Blankets Washed the Sudsy Way

Housecleaning time calls for fresh sudsy baths for all the winter bedding, so that it may be sweetly packed away.

But are you going to try this season to do up all those heavy, woolen blankets yourself—when you can be relieved of this really fatiguing work by having us do them for you in our cleanly, laundry way?

We wash your blankets, cotton and woolen, in the foamiest of billowy suds and pure, soft water, at just the right

temperature. This gentle treatment gives them a rich, velvety feeling, and preserves the nap in its original fleecy condition.

After thorough rinsing we dry your blankets in currents of pure, warm air, as hygienic as a sun bath—pure air that restores to them all their fine and downy quality.

You can send us your woolen blankets and eiderdown quilts with perfect confidence. Telephone, and our driver will call.

NEW BOND ISSUE HEARING LIKELY

Someone Familiar With City Affairs
Notified State Tax Board of
Controversy With I. & C.

FIRST ORDER IS HELD UP

Mayor and City Attorney Called to
Indianapolis and Feeling Grows
Council Has Opposition

Indications that some one, closely associated with the city administration, was opposing the councilmen in their efforts to issue the bond sale as approved by the state board of tax commissioners last Saturday, became known Tuesday night at the regular session of the city council.

City Attorney John H. Kiplinger stated that no decision had been made in the matter, although the decision was entered Saturday morning in Indianapolis and reported in the Daily Republican, the bond issue of \$30,000 being reduced to \$14,500 for the purchase of a fire truck and for laying a water line from the mill race.

A communication with the state tax board this morning stated that the ruling was entered as given out Saturday morning, but later in the afternoon it was held up, when attention was called to the fact that there was a controversy over obtaining the water from the race.

Someone familiar with the fact that the traction company, which owns the race, demands \$2,000 a year rental, evidently got in touch with the state board after reading the decision in the paper, and this caused the board to withhold its order.

Only a very few people knew that the I. & C. Traction company demanded \$2,000 a year, just who it is that is opposing the city on the proposed bond sale is not known, but an effort to find out will be carried on, it is understood.

The entire proposed bond issue was carried to the state tax board by the city administration in an unorganized form, and the evidence was presented in a loose manner. There was absolutely no excuse for the bond issue being reduced except for carelessness, many people believe.

People who are interested in the proposed improvements are becoming impatient, it was disclosed today, when the word began to get around that the state board had called Mayor Thomas and the city attorney to Indianapolis for a conference this morning.

The agitation for the improvements began shortly after the Odd Fellows building fire in January, and today the council is no nearer its goal, than if it had never started. There have been several delays, and the belief is growing that the latest development is purely the work of someone on the inside, who at heart is determined to prevent the bond issue, and is against the purchase of the needed equipment.

MRS. SARAH KENNARD DIES TUESDAY NIGHT

Widow of Former Jeweler Expires
Following Long Period of Illness
—Resident Here 45 Years

FUNERAL THURSDAY, 4 P. M.

Mrs. Sarah M. Kennard, widow of the late John Kennard, died at her home, 315 West Second street, Tuesday evening about 10:15 o'clock following an illness covering a period of several weeks.

Mrs. Kennard was a resident of Rushville for forty-five years and following the death of Mr. Kennard, eleven years ago, conducted the jewelry store which her husband had owned for many years.

Mrs. Kennard was a member of the First United Presbyterian church and is survived by her daughter, Mrs. Wash Allen of this city, and a brother and sister, Mrs. C. L. Meyers and William A. Moun, both of Newark, N. J.

The funeral services will be held at the late residence Thursday afternoon at four o'clock, in charge of the Rev. E. G. McKibben, and burial will take place at East Hill cemetery. Friends may call to view the remains after 10 o'clock Thursday morning.

STOLEN FORD IS RECOVERED

Grant Cooper, New Salem School
Principal, Finds it at Muncie

Grant Cooper, principal of the New Salem school, has just recovered his Ford automobile, which was stolen from Muncie June 17. The car was found near that city, and had been stripped of its license plates, steering wheel, spare tire, light bulbs and other accessories.

Mr. Cooper has been attending summer school at the Normal college in Muncie, and his machine disappeared about a month ago. No trace was found of it until Saturday, when the car was identified by the engine number. After making the repairs, it was driven home, and he was accompanied to Muncie for the machine by Carl Perkins and Carvel Cooper of New Salem.

LANDSCAPE MAN TOPREPARE PLANS

James Lowry of Indianapolis En-
gaged by Council to Draw up Park
Improvement Program

MATERIAL FOR BAND STAND

Contract Awarded to R. L. Tomp-
kins Lumber Co.—Park Boulevard
Construction to Begin

Park improvements were the main topics of discussion at the regular session of the city council Tuesday night, when several future propositions were taken up and considered and steps taken to have the new addition to the park properly planned by a park landscape expert.

James Lowry of Indianapolis, who is an expert in laying out parks in order not only to make it attractive, but prove beneficial in every way, was before the council with his plans, which were accepted for \$300.

He will direct the placing of drive-ways, location of park equipment, shrubbery designs and other affects pertaining to the beautifying of the park. The location of shelter houses, pavilions and other park equipment is an important factor in making the park a success, he pointed out, and it should be done right at the first, instead of making the changes after the work has been done.

The approval of the council was obtained for building a band stand in the park, and two firms, the Capital Lumber Company and R. L. Tompkins Lumber company, each submitted bids for the stand. The first con-

O. W. HOLMES DIES ON INDIANAPOLIS VISIT

Formerly Rushville Man, Resident of
Marion For Last Several Years.
Expires in Hospital

INVALID FOR LAST FEW YEARS

The funeral services for O. W. Holmes, aged 47, who died Monday evening in a hospital at Indianapolis, were held this afternoon at three o'clock at the First Christian church in Marion, and burial took place in the I. O. O. F. cemetery there. The deceased was well known in this city having formerly lived here, and married a daughter of Mrs. James Mattox of this city, she having preceded him in death a few years ago.

Although comparatively young, Mr. Holmes suffered a stroke of paralysis before the death of his wife, and had been practically an invalid for the last few years. Recently he suffered two strokes.

Mr. Holmes was taken ill while visiting with relatives in Indianapolis, and was taken to a hospital, where he died. He had been director of the choir at the First Christian church for a period of four years, ending some time ago. While living in Rushville, he was an active member of St. Paul's M. E. church choir. He is survived by one daughter, Miss Esther Holmes, who lived with him. While in this city he was engaged as a furniture store clerk.

Mr. and Mrs. Bert Mattox and family and Mrs. James Mattox of this city, motored to Marion today to attend the funeral this afternoon.

DEMOCRATIC DELEGATE ARRIVES HOME.

WISCONSIN FARMER BUYS HEATON FARM

Another Example of Real Estate In-
vestors From Other States Coming
Here to Purchase Land

ITS VALUE IS RECOGNIZED

Another example was cited today of farmers from other states coming to Rush county to buy land because of its quality and because it is selling for less than it is worth.

Fred L. Morris of Wisconsin has bought the Sanford Heaton farm of 120 acres southeast of Rushville at a figure which averages about \$130 an acre.

Men from Oklahoma, Illinois, Ohio, Tennessee, Kentucky and many parts of Indiana have invested in Rush county land in recent months because they appreciate its value and because it is selling for less money than land of inferior quality in other states of the midwest.

Mr. Morris camped on the Heaton farm last summer while passing through the county and hearing that it could be bought this year at a good figure, came back and made the purchase. He will move here with his family and begin farming the place. It has been raising a good crop of weeds this year as Mr. Heaton had no tenant.

This sale was being used today as further evidence of the contention that Rush county land values are appreciated by outside people.

John Hayes Painfully Injured When
Hoist Rope Breaks

John Hayes, well known Washington township farmer, is slowly recovering from a painful accident, which he sustained Monday, while unloading hay. The hoist rope broke, and he fell backwards from the top of the hay wagon, landing with great force on his back. Several physicians have been in attendance, and they do not believe that any bones were broken in the fall. Muscles and ligaments were torn and sprained, and it will be several days before he is completely out of danger.

FORMER SENATOR DIES

Elkhart, Ind., July 16—Albert Raper Beardsley, 77, former state senator, is dead at his home here today. Beardsley was a member of the military staff of Governors Durbin and Mount and has been head of the Dr. Miles Medical company for thirty years.

CROSS CHANNEL IN THREE HOURS

America's World Flyers Welcomed by
Immense Crowd when they Land
at Corydon Airdrome

GIVEN OFFICIAL WELCOME

Airmen Take Off From Paris at 11:05
A. M. And Are Escorted to Chan-
nel by Frenchmen

(By United Press)

Corydon, England, July 16—Circled down to the level plains of Corydon, where an immense crowd, held in check by cordon of police, welcomed them, America's world flyers landed their planes at the Airdrome here this afternoon having flown from Paris in less than three hours.

The Stars and Stripes were flown at numerous points about the 150 acre "drome" and any Americans were among the throngs which cheered Lieutenant Smith and his companions.

Officials of the industry, including General Brancard, air commander, extended official welcome to the aviators.

A score of mechanics were waiting to groom the world flight machines, the first thought of the flyers after they had landed.

The crowds may a rush for the spot where the plane came to earth but were held back by a thin blue line of London "bobbies" specially picked for the occasion.

The sleepy little hilly village of Waddon was in state of excitement since dawn a single track trolley connecting with Corydon was kept busy bringing as many as it could hold to the drome each trip.

After the first leg here, the airmen were to go London by automobile.

The Americans took off from Le Bourget, on the outskirts of Paris at 11:06 a. m., and were escorted by five French planes far as the channel. There after, express plane, carrying 14 passengers, who had paid huge sums for the privilege guided the world flyers to England.

BOY'S SKULFRACTURED

Harry Brown, nine year old son of Mr. and Mrs. Ed Brown, living near New Salem seriously injured Tuesday night when he was kicked by a horse. The little boy's skull was fractured just above the left eye, but it is thought that he will recover, unless complications arise. He and three of his children were playing in a paddock when the horse kicked him.

LOCAL MEN HELD ON MANSLAUGHTER CHARGE

Glenn Cregar, I. & C. Motorman, Is
Arrested After Car Strikes Truck,
Killing Paul Heib

SOUNDED SIGNAL, HE SAYS

An I. & C. stock train in charge of Glenn Cregar, motorman and Russell Glendenning, conductor, both of this city, struck an automobile truck at Emerson Avenue Indianapolis, Tuesday evening at 6:30 o'clock, killing Paul Heib, age 25.

Cregar was arrested on a charge of manslaughter, pending an investigation of the accident. The man was driving an ice truck, and was struck full force. He was dead when the car was stopped.

The train consisted of the lead car and a trailer, both loaded with stock. Cregar declared that the cars were running at 30 miles an hour, and that he sounded his whistle twice before reaching the crossing. He stated that the driver of the truck looked to his left after he made the turn into Emerson avenue, but did not look in the direction of the approaching car, bound for Indianapolis.

According to an Indianapolis dispatch today, there are no signals or warning at the crossing, which is just outside of the city limits of that city.

RECOVERING FROM INJURIES

Mr. and Mrs. Ray Lawson Hurt in
Accident Near Here Sunday

Mr. and Mrs. Charles Stueker, who live east of this city, have received word from Mr. and Mrs. Ray Lawson of Indianapolis, who were injured in an automobile accident west of here Sunday afternoon. Mrs. Lawson is their daughter.

The couple was riding in a Paige touring car, when it crashed into a culvert west of Arlington, and turned over, injuring both Mr. and Mrs. Lawson. They were brought here for treatment and then sent to their home although they were badly bruised, they were reported today to be recovering nicely, and were resting as well as could be expected.

FOR APPENDICITIS

Roscoe Newhouse underwent an operation for appendicitis Tuesday afternoon at the Dr. Frank Green hospital. He is the son of Oscar Newhouse.

POLICE SEEK ALLAN WEWEE

Former Rushville Man Accused of
Attacking Small Child

Richmond, Ind., July 16—Allan Wewee, 24, is alleged to have attacked Evelyn Grieswell, nine year old daughter of Mr. and Mrs. Ed Grieswell, 668 North Nineteenth street, yesterday, while the two were picking raspberries together. Wewee is a neighbor of the Grieswell family, and the little girl accompanied him yesterday morning to pick the berries, when he is alleged to criminally attacked her. She is reported to be in a serious condition.

Police were hunting for him throughout the afternoon and evening but no trace of him had been found last night.

Allan Wewee is a former resident of this city, and was in trouble on several different occasions while residing here.

BOYS SIGNING UP SLOWLY FOR CAMP

Believed That Each of Two Camps at
Turkey Run State Park Should
Have 50 Boys

EACH TO RUN TWO WEEKS

Reduction in Price Through Co-operation
of Clubs Shows Business
Men are Interested

Boys are gradually signing up for the Rush county boys' camps, which will be held at Turkey Run state park next month under the direction of D. R. Merrill, local Boy Scout executive. The camps will be open to all boys, regardless of whether they are scouts.

There is believed to be very little interest in the camps should not have at least 50 boys, since the price has been reduced from \$14 to \$10 by the Rotary and Kiwanis Clubs, showing that the business men are really taking an interest in the boys of the county in giving them an outing of this class at such a low price. The trip, day by day, as planned by Mr. Merrill, who is in charge of the camp would cost an individual making the visit not less than \$20 per week. Their transportation would have to be counted extra. The boys are getting this trip at \$5 per week with exactly the same high class individual service and transportation included.

Rocky Hollow is the beauty spot in the whole tract of Turkey Run. One of the small tributaries has been its course through a solid wall of limestone a hundred feet high. The sky

THREE SCHOLARSHIPS AWARDED BY FARTHING

Two to Indiana University and One
to Terre Haute State Normal An-
nounced by Superintendent

HAROLD WAGGONER DECLINES

Three scholarships were awarded today by Birney D. Farthing, county school superintendent, two of them being to Indiana University and the third being a tuition in the state normal college at Terre Haute.

He appointed Miss Pearl Macy and Miss Vera Reynolds to Indiana, and Miss Carrie Edwards to Terre Haute. Miss Macy is a graduate of the Arlington high school. Miss Reynolds lives in Glenwood and attended the schools there, and graduated from the Rushville high school last May. Each pupil was an "A" student.

Miss Edwards graduated from the Rushville high school in the May class, and was the only applicant for the scholarship to the state normal. This is the first time that scholarships have been granted to the teacher's college.

In addition to these three appointments, the county commissioners name two students for Purdue. They have made these appointments, which included Wallace Beer, of this city and Harold Waggoner of the Webb school. The latter, however, has declined the offer, and the commissioners will make another appointment before the fall school term.

GREATEST CROP IN TEN YEARS

Northwest, First to Suffer in Agri-
cultural Chaos, Riding Back to
Prosperity on High Prices

FARMER'S MORALE IMPROVES

Business Moving Better Since First
of July Than in Four Years as
Result of New Confidence

By D. D. MEREDITH
(U. P. Staff Correspondent)

St. Paul, Minn., July 16—The Northwest, first to suffer in the chaos that overwhelmed agriculture a year ago, is riding back to prosperity on the wave of higher grain prices. E. G. Quamme, president of the Federal Land Bank of St. Paul, declared today in an interview with the United Press. The northwest is producing the greatest crop in 10 years he said.

"The foundation for real prosperity is here," Quamme said.

"In North Dakota we have two crops instead of one. Minnesota, Wisconsin, Michigan, South Dakota and Montana will have the best crops since 1914 and the biggest yields since the great production year of 1919," he said.

"The fact that here is every prospect for good crops at a good price in the northwest has greatly improved the morale of the farmer and general business conditions are much better," according to A. H. Kennedy vice-president of the First National Bank, St. Paul.

Bankers and farmers alike agree that the northwest this year faces a return to prosperity. Wholesalers told the United Press that business has been moving better since the first of July than in four years, as a result of the confidence inspired by maturing crops.

"We are extremely fortunate in the northwest in having every prospect for a big crop at a good price," Quamme added. He is recognized throughout the country as an accurate agricultural statistician.

"In other parts of the country this year, is looked upon as a more or less poor crop year. We have an unusually good crop in the northwest and all small grains will show the best production in years.

"Northwest farmers will be able to liquidate their debts, the banks will get back on an even keel and the northwest will enter a new era of business prosperity. Land values will return.

"Hogs will be selling at \$10 a hundredweight in a short time, and cattle will follow.

"We are at the threshold of a marketing situation that occurs only two or three times in a lifetime—a bumper crop selling at a good price."

Credits Thawing Out

Kansas City, Mo., July 16—Frozen credits which caused hundreds of bank failures in Missouri and Kansas in the last three years are thawing

RETIRED U. B. PASTOR DIES AT SON'S HOME

Joseph Young DeMunbrun, Age 74
Years, Former Minister, Succumbs
of Organic Trouble

FOUR SONS SURVIVE HIM

Joseph Young DeMunbrun, a retired United Brethren minister, died this morning about 9:30 o'clock at the home of his son, Charles M. DeMunbrun, 117 West Ninth street, where he had been making his home. The deceased was 74 years of age last April, and was born in Kentucky. He came to this state when 21 years of age, and was an ordained minister, filling a circuit for the United Brethren church covering several towns in this vicinity, including Andersonville.

His wife preceded him in death in 1895, and after that he gave up preaching. For several months he had been in poor health suffering from organic trouble.

He is survived by four sons. Floyd of Indianapolis, Clark Louis of Andersonville, Chester Arthur of Indianapolis and Charles Miller, at whose home he died. The funeral arrangements were not completed today and will be announced later.

GREATEST CRO IN TEN YEARS

Continued in Page One

out, W. J. Bailey, governor of the Federal Reserve Bank for the Kansas City district said today.

Bailey said: "The farmer setting his first prosperous season four years and bankers are able to liquidate. A year ago the federal reserve bank was lending \$35,000,000. Today it is less than half that amount."

"The wheat yields splendid and corn is in good condition."

"I am so proud of Kansas this year that I could die."

Bailey has just completed a trip from the eastern to the western section of the state—tourney which he has made at this time of the year for 45 years.

"I never saw conditions so promising," he said.

"High price of a isn't so good for the men who are to feed their grain, but pasture in fine shape and grass fed cattail bring a good price. The supply of cattle isn't keeping up with the grade of the population and both and cattle should be profitable."

Secret of Happiness

The greatest menace on earth to happiness is the ill health with which so many women are afflicted. The young woman is subject to pain and irregularities, the mother to the tortures of displacements with consequent pains, aches and nervousness, the middle aged woman to the uncomfortable conditions caused by this critical age. The one remedy to control these conditions and restore the system to a normal healthy condition is Lydia E. Pinkham's Vegetable Compound, which for fifty years has been restoring sick and ailing women to health and happiness.

BAPTIST MINISTER GIVES TANLAC FULL CREDIT

No greater praise can be accorded a medicine than the voluntary testimony of a minister of the gospel. The preacher's high calling puts a grave responsibility on his every word and he will not jeopardize his reputation by recommending a thing without first assuring himself it is all right.

Tanlac has been endorsed by numbers of prominent ministers. They have put Tanlac to the test of personal service and their words carry conviction because they say what they know to be the truth.

One of the latest to speak out in behalf of Tanlac is Rev. B. E. Bell, a retired Baptist minister, 267 Elm St., San Antonio, Texas, who says:

"Before taking Tanlac I had suffered from stomach and nerve troubles for over 30 years and there were times when my condition was such that it required almost superhuman effort for me to prepare my sermons and go through with my Sunday services. Indeed, my work seemed like some great obstacle across my pathway—a burden too big to carry in my weak physical condition.

"But in six weeks' time Tanlac transformed my entire outlook, giving me what seemed like a new set of nerves and a brand new digestive system. My appetite became ravenous, my nerves steady, my liver set on regular and I could sleep sound for the first time in years. Whenever I have the slightest symptoms of trouble now

I always resort to Tanlac, am taking some at present, and it never fails to smooth things out for me. I certainly have the best of reasons for feeling grateful to Tanlac.

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 Million Bottles sold.

Tanlac Vegetable Pills, for constipation made and recommended by the manufacturers of TANLAC.

LANDSCAPE MAN TO PREPARE PLANS

Continued from Page One

ern offered to furnish the material for a 16 foot square building for \$335; the other firm, which was the successful bidder, offered to furnish the material and a superintendent for the construction, for \$300. This offer includes a building 16 by 24 feet. Each bidder submitted a design for the building, and each was an attractive band stand.

As soon as Mr. Lowry can make the survey, the location of the band stand will be determined and approved, and construction will be made as soon as possible, so that concerts can be held this fall.

Actual construction on the park boulevard was expected to begin today, as the contractor stated that his large force of men and road building equipment would be on hand this morning. The preliminary excavation has been done. On account of the work being done, the city will lay water lines and sewer tile under the street, so that the paving will not be torn up in future years when building is begun in the new addition.

These lines will be laid east and west at Twelfth and Fourteenth streets, just the width of the street, so that when the lines are extended, they can be connected up, and at the present the pipes will be plugged until needed.

It required the council 15 minutes last night to decide what portion of the street Morris Winship, contractor for the Rush County National bank, could have during his course of construction. Two dozen merchants in that part of the city petitioned the council asking that they refuse to close the sidewalks and streets during construction, maintaining that it interfered with their business.

After several tilts, Mr. Winship was granted permission to use 14 feet of Second street and the sidewalk in Main street, with a four foot walkway, covered along the gutter for the protection of pedestrians. The contractor contended that he needed space to unload material and needed room for the erection of the building. The councilmen expected him to erect the building without any room for his construction work.

An amended petition was filed from property owners in West Third street, asking that their petition for sidewalks, also include curb and gutters, and the matter was referred to the committee.

Rules were suspended, and an ordinance was passed in which the Pennsylvania railroad was granted permission to extend their passing switch across First street into the railroad yards. The switch has been extended south for a half mile, and ended at First street, but the railroad now wants to extend the switch still further across the street, and the ordinance was quickly acted upon.

PRESIDENT COOLIDGE OFFERS FEDERAL AID

Willing to help Fight California Forest Fires if Effective Aid Can be Extended

24 PERSONS ARE MISSING

(By United Press)

Washington, July 16—President Coolidge today offered federal aid to cope with the forest fire situation in California.

The president sent the following telegram to Governor Richardson at Sacramento: "I have noticed with great concern the reports of growing destruction from forest fire to your state. I trust you will advise if effective aid can properly be extended by the federal government."

San Francisco, California, July 16—Fires running through the forests of the Pacific coast centered their fury in northern California and northern Idaho today, with at least 24 persons missing and two injured.

Fires in northern Idaho have destroyed 250 homes in Pine Creek Canyon country razed the buildings of the Nabob Mine with a loss of \$500,000 and were reported threatening the Constitution Mine.

Twenty employees of the Nabob Mine were reported to have fled back into the hills for safety and their present whereabouts are unknown. Several families fought their way through the belt of fire yesterday and reached safety.

Four members of the Duokhobor colony living on Porcupine are still missing.

NO COMMENT ON THE REPORT

Indianapolis, Ind., July 16—Bert C. Morgan, federal prohibition director for Indiana, today refused to affirm or deny reports that he had been asked for his resignation by National Director Haines.

Asked if he was going to resign, Morgan said over the telephone from Fort Wayne where he is superintending a booze raid, "I am not."

Clyde Walb, republican state chairman, admitted that Morgan had told him at West Baden last week that the resignation had been requested.

Why do we blow fire to make it burn?

Puretest Aspirin Tablets

and keep yourself free from headache, neuralgia and all sorts of pain. Absolutely true aspirin, tablets so skillfully made that their beneficial action begins in 15 seconds. Highest purity, never irritate or burn.

MUTILATED BODIES FOUND ON RAILROAD

Men Killed by One Train and Run Over by Another one Near Princeton, Ind., Unidentified

LAI ON TRACK TO SLEEP

Princeton, Ind., July 16—Mutilated bodies of two unidentified men are in the morgue here, having been picked up from the track of the Southern railroad at Beck, four miles west of here today.

The men were believed to have been run over by a passenger train last night. They were also run over by a freight train five hours later, according to the crew who picked up the bodies.

When found by the crew, the bodies were scattered over four hundred yards of the track. From the position of the bodies and the fact that both of the men had their shoes off, it was believed by authorities that the men had been walking and had laid on the track to sleep.

Only identification found was the name of Will M. Smith, Woodlawn, Illinois, written on a slip of paper.

NEW BOND ISSUE HEARING LIKELY

Continued from Page One

If those people are expecting to launch a campaign for a new city building, they will find their aspirations opposed by a greater number of remonstrators, it was stated today.

It was stated this afternoon by the United Press at Indianapolis that the tax board had been appraised of the water controversy, and this new factor would cause the board to hear the case over again at some future date, causing another delay of weeks.

The council should make the contemplated purchases from the general fund, of from borrowed money, it was pointed out today, and then raise the tax levy sufficiently this fall to care for the expense, or attempt then to issue bonds to make the payment on debts and borrowed money.

—Dr. and Mrs. W. C. Smith and Mr. and Mrs. George Hogsett and family motored to Indianapolis today and spent the day.

SECOND PROHIBITION CLEAN-UP UNDER WAY

Nineteen Arrests are Made in Fort Wayne Federal Drive and Others Were Expected Today

FORMER POLICEMAN ACCUSED

Fort Wayne, Ind., July 16—Fort Wayne's second prohibition clean-up by federal prohibition officers in a year was in full swing here today.

Nineteen arrests were made last night and others expected today, Indiana prohibition director, Bert Morgan, is personally superintending the raids. More than eighty men and women received jail sentences in the first campaign.

Roy Grabbill, former police desk sergeant, was arrested this morning on charges of selling intoxicating liquor in his saloon here.

George McCarthy, brother-in-law of Mayor Husey of Fort Wayne, is among those arrested.

Last night a raid was made on a road house owned by Harry Schwartz and Demont Taylor, bartender, was arrested on charges of selling moonshine.

The tender shepherd:—He shall feed his flock like a shepherd: He shall gather the lambs with His arm, and carry them in His bosom.—Isaiah 40:11.

Prayer:—O Thou Good Shepherd of the Sheep, enable us to live in the knowledge that having given Thy life for us, Thou wilt also do for us all else we need.

Going to College

Most boys and girls who were graduated from high school last spring have decided by this time whether they will continue their education by going to some liberal arts college or technical school.

It is a critical time in the life of every young person—the period when they realize for the first time that there are problems outside of school books, and the decision they reach now will have a very great influence on their life.

What the high school graduate does this summer determines what kind of a citizen he will be—whether he decides to go to college, enter a trade or just drift along without trying to get additional training to make himself more capable, his life purposeless.

Giving a boy or girl four years of education means to many parents considerable of a sacrifice and the loss of the companionship and help of their children, but in most cases, if that sacrifice is made now, the future years will be richer for both parents and children in every way.

Thousands upon thousands of high school graduates are lost to further education because not enough interest is taken in them and in their welfare.

President Coolidge recently said

HUNT'S DAILY LETTER

BY HARRY B. HUNT
NEA Service Writer.

NEW YORK—"The Good Gray Candidate," is a title likely to be appended to John W. Davis, the Democratic choice for president, before the campaign has progressed many weeks.

For the outstanding factor in Davis' appearance is his crown of snow-white hair. His face is that of the average well-fed, well-kept smooth-shaven man of 51, a trifle florid after exertion, but with not too high a color and devoid of any wrinkling of age. His white hair, however, is that of a patriarch of the seventies.

Davis is a "comfortable" sort of person. Thoroughly at ease himself in any company, he makes those around him feel at ease. He is also easy and comfortable in his clothes, preferring soft-collared shirts and roomy lightweight suits to the more dignified habiliments of many near-great lawyers.

This ease of bearing, which lends him distinction in any party and any company, once led an English journalist to say of him that, even at court receptions and formal functions which he attended as American ambassador to Great Britain, where gold brand and glittering uniforms are the rule, and where even our George Harvey appeared in knee-breeches, Davis in ordinary evening dress carried an air which marked him as one of the striking figures in any group.

NOTWITHSTANDING descriptions by the society writers to the contrary, Davis is not a handsome man. His features are not sufficiently symmetrical for that. His forehead is too bulging, the lines of his cheeks too flattened, the mouth too thin and restrained to qualify him in a beauty contest. He is, however, unquestionably a man of striking appearance. Anyhow, in picking a man to run against Calvin Coolidge, it was not considered necessary to search for an Adonis. Strength and person

ality were much more desirable qualifications, and Davis supplies both of those in good measure.

IN picking Governor Charles Bryan of Nebraska, the Democrats added a touch of color that promises to brighten the campaign. Charles, who for many years edited the publication of his famous and much-nominated brother, William Jennings, "The Commoner," has a shining bald head which he hides under a little black skull-cap. Can't you just imagine what the Republican cartoonists will do to that?

Charles came to the convention and occupied a room at the Waldorf with his brother Bill. He was not a delegate, and therefore kept off the floor of Madison Square Garden, but he spent much time in the runway under the speaker's platform, listening to the proceedings and waiting for something to turn up. Perhaps the nomination was the reward for his patient persistence.

OTHER considerations than his persistence, however, had the deciding hand in placing him as second man on the ticket.

William Jennings Bryan is still a power in the party. Even his bitterest enemies admit that.

And in the speech by which he sought to break the deadlock, after the first five days of balloting, Brother Bill enumerated half a dozen candidates whom he considered as good timber for the nomination. In this list he did not include Davis. Davis, he was frank to say to any who asked, he considered too close to Wall Street.

After Davis had been nominated, the question then came of picking a running mate that would hold Bryan-William Jennings Bryan—to the ticket.

The obvious answer was, "Brother Charles."

With Brother Charles on the tail end of the ticket, Brother Bill certainly would trail along.

So Charles was nominated. And Bill says he's satisfied.

own, they would still have shown a cut of some \$132,000,000, for that is the amount that must be raised to care for the bonus requirements this year.

But Mr. Coolidge went further than that. He insisted that additional savings must be realized not only to absorb the additional burden of the bonus but to go \$83,000,000 beyond that point. In other words, he urged upon the subordinate executives of the government organization that their actual expenditures, including those for the bonus, must be \$83,000,000 below the amounts actually appropriated for the current fiscal year.

If that is done the cost of government will have been cut down to \$3,000,000,000 for the first time since before the war. And that total includes such enormous items as a billion dollars for interest and principal payments on the war debt, and half a billion dollars for soldier relief—items that did not enter into pre-war costs at all.

AMERICAN TENNIS
TEAM MAY QUITJulian S. Myrick Lodges Complaint
Against Treatment Received in
Olympic Games

BOXERS FORGING AHEAD

Rowing Crew Gets Day of Rest by
Virtue of Its Record Breaking
Victory Tuesday

By HENRY L. FARRELL

Paris, July 16—Julian S. Myrick, president of the United States Lawn Tennis Association served notice on the International Olympic committee today that he will withdraw the American tennis team unless "civilized" facilities are immediately provided.

Thus far, Myrick charges, the Americans have been forced to go with out shower baths, without drinking water and without towels.

The American spokesman was emphatic that if conditions did not improve immediately the United States players would quit the Olympics.

Only two showers have been provided for the women players, Myrick said, and men carpenters still are working in these, so that the players cannot use them.

Moreover when our women want a drink of water they are forced to go to a nearby bar and carry the water themselves to the courts.

Another complaint lodged against the French was that the press facilities for covering the tennis matches are entirely inadequate and most confusing.

The international committee is taking the matter under advisement; meanwhile the American protest has added further fuel to the ill feeling that exists between the French and Americans.

American boxers today continued to advance in the inter-allied fistie warfare at the Velodrome D'Hiver, while the swimmers were busy in the high Olympic tank and the tennis players on the courts. America's eight oared crew, by virtue of its record breaking victory in the second heat at Argenteuil Tuesday, gets a day of rest before the finals.

The Olympics were divided into four groups today—rowing, swimming, boxing and tennis.

At the Velodrome, Rothwell, U. S. lightweight knocked out Kelleher, Ireland, with a left to the chin in the second round. The battle was fast and furious. In the first round Rothwell dropped his man for a count of three, but in the second the Irishman came back and sent the American to his knees. The latter got up and attacked viciously finally putting over the knockout.

Graham, Canadian lightweight, beat Corney champion of Uruguay on points in a bout which left both exhausted at the finish.

Americans were anxiously awaiting the appearance of R. Norris Williams, our tennis champion, on the courts today to see how his ankle, which he injured yesterday, had fared under the care of physicians. Thus far all the Americans are safely in, except Francis T. Hunter, who lost to Jean Washer yesterday.

Somewhat overlooked in the rush of athletics, the Olympic chess players were received at the city hall at 11 a. m. today by M. Pointel, vice president of the city council, who greeted them and pointed out the numerous excellent qualities which chess required of a man.

Americans did well in swimming and boxing today.

The dusky Kealoha qualified in his heat of the 100 metres backstroke making the fastest time of the day, 1:13.5. Wyatt also qualified, winning his heat.

In the 200 metres swim for women, Miss Geraghty, U. S. A., made the fastest time 3:25.3.5, in qualifying. Miss Coleman was disqualified for touching.

Vincent Richards, U. S. A., disposed of the Spanish champion, Manuel Alonzo, 7-5, 10-8, 2-6, 6-3.

Mrs. Marion Jessup of the American women's tennis team defeated Senorita Torres of Spain 6-2, 6-0.

The weather was cooler and a high wind swept the courts, bothering the players.

WHITE ROBINS FOUND

Warsaw, Ind., July 16—White robins have appeared in northern Indiana, Joseph Campfield, of Warsaw, has proof of the fact in a photograph he took at Yellow Banks in Tippecanoe Lake. He succeeded in approaching within eight feet of the bird.

Point Winner

De Hart Hubbard, the negro athletic wonder from University of Michigan, who helped run up America's score at the Olympic games by taking the broad jump honors.

CARPENTIER'S LAST
CHANCE TO WINBy FRANK GETTY
(U. P. Staff Correspondent)

New York, July 16—When a boxer has been as consistent a ring performer as George Carpentier, it is unusual to speak of his "counting back."

But that is just the way we must look at the Frenchman in the light of his forthcoming bout with Gene Tunney, American light heavyweight champion. The two are scheduled to meet July 24.

Carpentier has never scored a second-rate fighter. He is of the stuff whereof champions are made. His workmanlike manner in knocking over the best of Europe entitles him to consideration on these grounds.

When Carpentier was beaten by Dempsey, he did not lose easily. But when he was knocked out by Battling Siki, the bad boy from Senegal, then definitely did Georges Georges hit the chairs. And he never has "come back" from that lowly state to which he took a dive in losing to the black.

Georges started to the top via his favorite route, knocking out Joe Beckett in jigtime. He did one or two other more or less easy stunts of that sort, and then came over for a match with Tommy Gibbons.

That young man, to our way of thinking, definitely put a crimp in Carpentier's career as a champion boxer. When Georges made such a miserable showing against the St. Paul terror, he finished himself as a real top-notch drawing card.

But this bout with Gene Tunney opens the door again—just a crack. If—and it doesn't seem likely—Georges could polish off the American champion—not win by a lucky, looping, right-hand punch, but really whip Tunney's decisively—then there might be something more doing for the Frenchman. But that's the only way there ever will be.

Carpentier wasn't made to be a good second-rater. It isn't his forte. His is the gallery play, the elaborate training quarters, the fancy dressing gowns and interviews and lovely ladies calling upon him while he shadow boxes.

However the promoters of the Tunney bout are putting out propaganda to the effect that they are well pleased with the advantage.

"I believe it will be the greatest spectacle we ever had in New York," said Jimmy Johnston. "Shouldn't be surprised if we were sold out."

The Frenchman trained for the bout at Jack Curley's place, down in Great Neck, Long Island, while Tunney prepared to defend his title by hammering sparring partners about a barn at Fair Haven, N. J.

The bout will be at the Polo Grounds, and the promoters say it never rains on Thursdays. Tickets are \$1 to \$10.

WELCOME

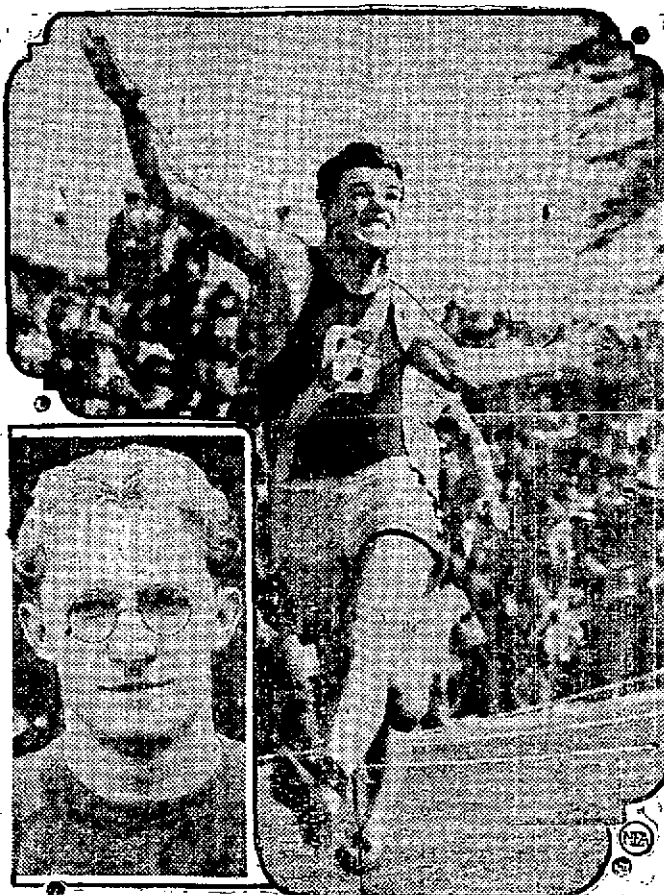

Epinard, the king of the French bull, as he appeared upon arrival in New York in his special crate.

SI FINE THING OF PAST

Warsaw, Ind., July 16—The high cost of getting drunk is going up in Warsaw today. The \$1 fine is a thing of the past.

In passing sentence on Oliver Davis, 55, an old offender, Mayor J. A. Sloane sent the accused to the state penal farm for thirty days and imposed a fine of \$5 and costs.

BROKE WORLD RECORDS

Robert LeGendre, of the Newark (N. J.) Athletic Club, who broke a world's record at the Olympic games by jumping a greater distance than any human had ever jumped before: 25 feet 6 inches is shown in action while inset is Harold Osborne, Illinois Athletic Club, who hung up another record for America by shattering the high jump record.

KEEPING ONE EYE
ON THE SCOREBOARD

Yesterday's hero—Walter Johnson the Indians down with five hits. Washington winning 4 to 2.

An eighth inning argument was won by the Yankees which gave them a victory over St. Louis 5 to 4. The argument was whether Onfielder Bennett of the Browns caught Meneses' low fly or trapped it. Umpire Owens ruled the latter version was correct.

The Giants put over a deluge of base hits at three Cub pitchers' expense and won 9 to 4.

The Robins pounded Sothern for five runs in the first frame and won from the Cards 7 to 4.

Eddie Collins and Mostil were hitting like demons and the White Sox won from Boston 8 to 6.

The Tigers kept up a steady rain of base hits and won from the Mackmen 11 to 9.

FIGHTS AND FIGHTERS

New York—Ted Moore, English middleweight, won a decision over Morrie Schlaffler of Omaha in ten rounds here last night. The Englishman piled up many points against the hard hitting Nebraskan. Schlaffler knocked Moore down in the fifth round.

Chicago—Sammy Mandell, Rockford, is scheduled to meet Eddie Wagner at Youngstown, Ohio July 28 in a 12 round, no decision contest.

3 CHAMPION PACERS
AT NEWCASTLE FAIR

Big Attraction Will be Race Between
Single G, Margaret Dillon and Sir
Roch, July 23

BIG PURSE FOR \$5,000

Newcastle, Ind., July 15—The Newcastle fair, July 22 to 25 will have for its greatest attraction, a three heat race between Single G, Margaret Dillon and Sir Roch, three world champion pacers, all with records under two minutes, on Wednesday, July 23. The race, for a purse of \$5,000 is heralded as the greatest attraction in the history of the fair.

The three horses are campaigning this season over the larger tracks of the country and were booked for Newcastle largely through the efforts of W. B. Barefoot of Cambridge City, owner of Single G. The three horses are booked for a race at the Indiana State fair over the mile track and the race here over the twice around circuit will give followers of light harness horses an idea of what to expect in Indianapolis. The Newcastle track record of 2:04½ is held by Single G.

The fair association has provided ample parking space for automobiles in anticipation of the largest crowd ever on the grounds. C. B. Fletcher, secretary, has opened the sale of reserved seats in the grand stand.

Granger Rough Cut

A Pointer on Tobacco—

The slower a tobacco burns, the cooler it smokes. Also the longer it lasts. This slow burning is due to the "cut". Granger is "rough cut" to smoke slow and cool—cut for pipes, not cigarettes. And Wellman's famous old secret method produces richer fragrance and taste.

LIGGETT & MYERS TOBACCO CO.

Mrs. John Worthington was hostess Tuesday evening to the members of her card club at her home in North Perkins street.

Mrs. Roy E. Waggoner entertained with a luncheon Tuesday at noon, a party of Tri Delt's from Franklin, Ind. honoring Mrs. Nap Lacey of Macon, Mo., and Mrs. Vern Branigan of Mr. Vernon, Ind. The afternoon was enjoyed socially by the ladies.

The following girls from Arlington are camping at Lake McCoy near Greensburg this week, the Misses Zelma Hutchinson, Louise Ennis, Mary Baldridge, Florence Houston and Opal Ennis and Mrs. Charles Ennis, who is chaperoning the girls.

The Pythian Sisters held their regular meeting Tuesday evening at the K. of P. Hall in West Second street. At this time they decided to have their picnic at Memorial Park on Wednesday evening, July 24, but the date was changed this morning to Wednesday evening July 30, but the picnic in supper will be served at 6:30 o'clock and will be for all members of the Pythian Sisters lodge and their families. Each member is requested to bring their own dishes and silverware.

Mr. and Mrs. Charles Beckner entertained Sunday at their home southwest of Arlington with a fried chicken dinner. The following guests were present: the Misses Edna Mattox, Helen Meyers and Florence Trobaugh and Clarence Mattox. Ora Waggoner, Frank Barnett, Harold Trobaugh all of this city and Francis Alexander of Arlington and Tolbert Carr of Reedville. The day was enjoyed with music and games.

A picnic will be given Wednesday, July 30, at Memorial Park for friends and members of the First

FOUR GENERATIONS

Texas Lady Says Her Family Has Been Taking Thedford's Black-Draught, When Needed, for Many Years.

Alto, Texas.—"We inherited the use of Black-Draught in our family," says Mrs. Mary Shuptrine, who lives near here on R. F. D. 2. "My grandmother was an old woman when she died about ten years ago, and she had been using it literally ever since I can remember. She gave it to her children and grandchildren for biliousness and stomach complaints, so when I went to housekeeping we just naturally used it, too."

"I give it to my children for a purgative whenever they need one, and we are never without it. Made into tea, it surely is fine. It's the best home remedy for headache and constipation I know of."

During over 80 years of its continued popularity, Black-Draught has become the standard liver medicine in many thousands of homes, where it has been found of great benefit in the treatment of constipation, biliousness, indigestion and other common liver, stomach and bowel complaints. Ten million packages of Black-Draught are now sold a year, as more and more people are learning of the value of this well-known remedy.

Insist on Thedford's, the only genuine Black-Draught powdered liver medicine. At all dealers'. NC-154

First Woman Governor

Here is Mrs. Soledad Chacon, first woman ever to serve as acting governor of any state in the Union, at the chief executive's desk in the governor's offices in the capitol at Santa Fe. Owing to the death of Gov. Jose A. Baca, the gubernatorial mantle fell upon the shoulders of Mrs. Chacon, secretary of state, when Governor James F. Hinkle crossed the state line en route to the Democratic National Convention in New York.

BOYS SIGNING UP SLOWLY FOR CAMP

Continued from Page One

seems stretched like a curtain from the top of one cliff to the other. The crevices of these canon walls bear thousands of luxuriant ferns. The Hollow becomes narrower and more tortuous as one ascends. The cliffs hang more closely together overhead and the atmosphere takes on a coldness that the fiercest heat of summer is never able to dispel. The end of the Hollow after nearly a mile's walk down the canon. One runs into a nearly perpendicular wall over which a small cold stream of water falls to sink itself into the almost circular pool hollowed in the rock known as the "Devil's Bathtub."

hundreds of thousands who have visited Turkey Run because of the difficulty encountered in reaching the place. Here years ago a gang of hog thieves operated. They would scour the country stealing hogs, and bringing them butchered to this place would store them until they had a sufficient number to ship down the river to New Orleans, where they were disposed of.

Tomorrow's article will take the reader through Bear Hollow and Turkey Run Hollow, two other beautiful canons.

Will You Lend Your Support To a Community Enterprise?

The Rush County Chautauqua, one of the best promoters of community good fellowship, is to be held August 10th to 17, inclusive. We have one of the best chautauquas in the country and it takes the co-operation of the citizenship of Rush County to keep the reputation of our chautauqua at top notch. Let us not fail to give it our whole-hearted support.

One hundred guarantors are supplied with season tickets at \$2.00 each, and you should secure yours at once. Invite your friends to make up picnic parties for that week and enjoy Memorial Park.

The chautauqua program this year is one of the best that has been presented for your approval. The lecturers are well known, some of them having been on the program before. The musical organizations come well recommended and should be able to entertain the most critical.

Cloud Cloth

THE man who buys an Eagle Shirt of Cloud Cloth will probably tell you it's the lightest, thinnest, strongest, smoothest shirting he ever wore. It has an aristocratically dull finish; a real silk feel to the skin, and an eye-proof closeness of weave. Tailored in the Eagle way, with long full body cut and a six-button full-length center-plait. A fine cloth beautifully tailored. White only.

\$3.00

EAGLE SHIRTS
OF MILLER SHIRTING

AFTER THE NOMINATION

First picture to be secured of the Democratic nominees after the historic deadlock had been broken and John W. Davis and Charles Bryan emerged as the "ticket." Davis and Bryan are shown surrounded by crowd.

MOVIES

"The River's End," Castle

There is a strange tale of Oriental mysticism in "The River's End," a picture that will both startle and fascinate. This picture, from the book by James Oliver Curwood, author of "Back to God's Country," will be shown at the Castle Theatre on Wednesday and Thursday.

Shan Tung, the Chinese, is a prince in disguise. Driven from his own country by political factions, he settles in Northwest Canada on the edge of civilization, where he keeps an opium den and traffic in vice.

And Shan Tung, because of his wealth is a power in the community. He falls in love with a beautiful white girl and demands that she marry him. She loathes him and is horrified. Yet he holds a strange spell over her and she apparently is powerless to cope with his will.

She appeals to an officer of the Royal Mounted to help her free herself from his influence, but she withholds some secret from him, evidently fearing to reveal it.

The Chinese is getting more and more of a hold on her when the officer of the police visits the den on Shang Tung's command. And Shan Tung openly demands that he be a party to the deliverance of the white girl.

But the officer is not the craven Shang Tung thought. There is a terrific battle in the opium den, which is finally set afire and burned. What happens is so nothing you will want to see.

"When A Man's A Man"

"When A Man's A Man," is the first of nine Harold Bell Wright stories which will be given on the silver sheet. It is the first of that nine to be produced by Principal Pictures Corporation as First National attraction, and according to the author and producers, this is the logical

story to first grace the picture sheets of the world. It will be shown at the Princess theatre today and Thursday.

The theme of the story has to do with the remarking of a man—rather the making of a man. An eastern millionaire finds himself dubbed a "tailor's dummy"—even by his own sweetheart. He decides to make a man of himself and win the admiration and respect of his friends. He leaves his palatial home, dons old clothes, and starts life anew in the cattle country of Arizona—and makes good!

John Bowers is given this role to enact, and those who have seen his portrayal claim it to be the finest he has yet given the screen. Marguerite de la Motte plays opposite this star, and others of the exceptional cast include George Frazier, Forrest Robinson, Charles Mailes, Fred Stanton, Edward Hearne and a host of others equally prominent in film-dom.

The production is in full feature length, and those who have seen private studio screenings claim it to be the outstanding picture of the season.

Firestone

LEADERSHIP

Firestone Leads on Speedway With Five Record Breakers

When the race driver selects his tires he does so realizing that his life and chances for success depend upon them. It is significant that all of the ten money winners in the Indianapolis race were Firestone shod. Firestone, using gum-dipping and other special processes, has developed tires to such a high degree of efficiency that at Indianapolis, May 30th, the following drivers broke the world's record for 500 miles over this brick track, making many rounds at over 100 miles per hour.

Never before were tires put to such grueling service, where it was necessary for every ounce of rubber and every fibre of fabric to work in perfect unison with every other part.

Driver	Time	Miles per Hour
Joe Boyer—L. L. Corum	5:05:23.51	98.24
Earl Cooper	5:06:47.18	97.99
Jimmy Murphy	5:08:25.39	97.27
Harry Hartz	5:10:44.29	96.55
Bennett Hill	5:11:07.00	96.46

Leadership in Everyday Service

Millions of motorists are profiting by the lengthened service of Firestone tires. Scores of unsolicited testimonials, lay emphasis on the long mileage Firestone Gum-Dipped Cords are delivering.

Leadership on Cabs, Buses and Trucks

The largest taxicab companies in the five largest cities in the United States use Firestone Gum-Dipped Cords exclusively. One fleet alone, the Yellow Cab Co., of Chicago, uses over one-half million tire miles per day.

Firestone for years has been first to develop tires and rims complete which would meet the heavy trucking loads, great strain and demand for traction. By originating and carrying forward the Ship by Truck movement, and establishing Ship by Truck bureaus in all large cities, Firestone helped speed up highway transportation and reduce costs.

Balloon Tire Leadership

Firestone's latest contribution to motoring is the low air pressure or Balloon Tire. This, the original full-size Balloon, was made practical by the special Firestone Gum-Dipping process, insulating every fibre of each cord, adding great strength and stamina. Firestone has also simplified the application of full-size Balloon tires to your present car by designing a special unit consisting of tires, tubes, rims and spokes applied by any dealer at a very low cost.

Leadership Against British Rubber Restriction Act

Attacking the unsound and uneconomic character of the British Rubber Restriction Act limiting the exportation of rubber from the Far East, Firestone was the one large tire manufacturer to take up the cause for the car owner. Soon after the agitation was started for America to produce rubber under its own control, the cost of crude rubber was reduced and tire prices brought back to normal.

Dealer Leadership Through Tire Quality and Service

Through Firestone dealers you can obtain organized service and the soundest values on the market, whether you need a Ford 30 x 3 1/2 Fabric, a set of full-size Balloon Gum-Dipped Cords or a 10-inch truck tire.

KINDLY KEEP KOMING

Heavy Blankets Washed the Sudsy Way

Housecleaning time calls for fresh sudsy baths for all the winter bedding, so that it may be sweetly packed away.

But are you going to try this season to do up all those heavy, woolen blankets yourself—when you can be relieved of this really fatiguing work by having us do them for you in our cleanly, laundry way?

We wash your blankets, cotton and woolen, in the foamiest of billowy suds and pure, soft water, at just the right

temperature. This gentle treatment gives them a rich, velvety feeling, and preserves the nap in its original fleecy condition.

After thorough rinsing we dry your blankets in currents of pure, warm air, as hygienic as a sun bath—pure air that restores to them all their fine and downy quality.

You can send us your woolen blankets and eiderdown quilts with perfect confidence. Telephone, and our driver will call.
